

## COMPACT MIC STAND

### THE ALL NEW COMPACT MIC STAND

This versatile, compact mic stand has the unique ability to function as either a short or tall mic stand. The mic stand can go from 27.75" to 61.75". Not only that, but the unique boom mechanism can be stored inside the stand, allowing the JS-MCH-102 to function as both a boom and a straight stand. Finally, the unique design of the legs allows the JS-MCH-102 to store easily and travel well with other stands.
