

JAMSTANDS®

By Ultimate Support

JS-MDS50 ITEM# 17989

The JS-MDS50 is the perfect stand for the ever-changing desktop studio, or just when performers and creators need an angled stand that travels well. Designed to support laptops, the JS-MDS50 can hold anything from an Elektron Digitakt to an MPC One - or even Ableton Push with ease and incredible stability. Once you've finished being impressed by how much this stand can support, you'll be blown away by its travel form. The JS-MDS50 compact enough that you'll forget you've even got it in your bag. Once you've got one JS-MDS50, the only question is "how many more do you need?"
