

Universal iPad® Holder

JS-MNT101 item# 18009

This highly affordable iPad holder puts your music, lyrics, set lists, tabs, contacts, aright at your fingers! The JS-MNT101 mounts to the pole of nearly any microphone stand and securely holds all iPads including the iPad mini. You can adjust the angle and axis of your iPad easily at two different points on the JSMNT101. You can easily choose to clamp your iPad in landscape or portrait view using an additional adjustment knob on the back of the holder itself.

Connects to microphone stand shaft

Securely holds all iPads including iPad mini

Secures in portrait or landscape view
