

JS-MPS1 ITEM# 17252

Sometimes you have a piece of gear that just doesn't fit neatly onto a standard stand. That's why we have the Multi-purpose Keyboard/Mixer Stand. Big enough and strong enough to support large mixers, 88-note keyboards, DJ gear, and more, you won't know how you ever lived without it. The heavy-duty flat top stand provides a sturdy platform, and the legs telescope to your perfect height setting.

MULTI-PURPOSE KEYBOARD/MIXER STAND
