

ULTIMATE SUPPORT®

DELUXE BROADCAST MIC STAND BCM-300

The BCM-300 deluxe broadcast Mic brings fluid functionality and quality of life features together in a single sleek design. It offers a max height of 37" when fully extended. Locking arms allow the BCM-300 to easily secure your mic the way that fits your space the most. The extended drop features a 3.75" length. This gives side connecting mics like the SM7B more rotation options and adds utility for other models. The clamp based mounting system offers a dependable and flexible means of attaching to multiple desks, tables and other flat surfaces.

BCM-300 KEY FEATURES

UPDATED DESIGN

The clean lines and visually appealing design of the arms offer versatile utility for audio professionals, streamers, conference call presentations and more.

THREE POINT ADJUSTMENT

Easy grip adjustable knobs offer a reliable and easily adjustable means of positioning your mic, and keeping it in place.

ROTATING DESKTOP CLAMP BASE

The versatile desktop clamp system provides a simple (no drilling required) base system that rotates fluidly and will easily mount to a wide variety of desktops, shelves and other surfaces.

CABLE MANAGEMENT SYSTEM

A recessed channel and four clip system ensure that dangling mic cables will not clutter the sleek lines and clean design of the BCM-300.

EXTENDED DROP

The 3.75" drop mechanism provides additional length to accommodate popular mic designs like the SM7B without limiting the ability to rotate mic position.
