ULTIMATE SUPPORT®

IQ SERIES® X-STYLE KEYBOARD STAND WITH PATENTED MEMORY LOCK SYSTEM – IQ-X-3000 (LOAD CAPACITY IS 300LBS.)

IQ-X Stands bring all the features and rigid strength of our original IQ series stands to a tighter form factor. We've reduced the depth, based on user feedback, while keeping all the same great features users love about the series. Ultimate Support's patented Memory Lock system and unique stabilizing end caps offer keyboardists time saving onstage luxuries, along with peace of mind. The IQ-X 3000 is the flagship of the line, and utilizes extra strong tubing to allow for a weight capacity of up to 300 lbs!

IQ-X-3000 KEY FEATURES

Pedal & Seating Space

PLENTY OF LEGROOM

IQ Stands offer a range of height settings for comfort in use while sitting or standing, with plenty of room underneath for pedals.

MEMORY LOCK

The patented Memory Lock system makes setup easy and quick. Set the width for your keyboard stand, the stand will open up to that width every time.

STABILIZING END CAPS

There are two stabilizing end caps. These caps allow the musician to adjust the stand on uneven surfaces.

Second Tier Not Included

DURABLE AND DEPENDABLE

The IQ-X-3000 is built to take on multiple tasks. This heavy-duty X stand can hold up to 300 pounds, making it ideal for everything from full weighted key controllers to the heaviest vintage and professional keyboard workstations.

OPTIONAL SECOND TIER

The VSIQ-200B Second Tier fits onto the VS-88B Pro & IQ-3000 keyboard stands. The second tier is highly adjustable with a built-in bubble level and memory lock.
