

ACOUSTIC ADHESIVE SPRAY UA-ASA1

Ultimate Adhesive Spray

Ultimate Adhesive Spray is designed to work on urethane foam, fabrics, metals, supported vinyls, wood, paper and leather. Its unique web spray pattern offers the user a low soak for a better soft pliable bond. Ultimate Adhesive Spray has a fan spray tip for controlled placement of the adhesive.

- Ideal solution for mounting Ultimate Acoustics products
- Web spray nozzle for low soak, textured application
- Works on urethane foam, fabrics, metals, supported vinyls, wood, paper and leather
