Professional Second Tier for V-Stand® Pro and IQ-3000 Keyboard Stands VSIQ-200B

Second Tier Pro from Ultimate Support brings the classic second tier style of the original to the V-Stand® Pro and IQ-3000 keyboard stands- and updates it with quality of life improvements like a leveling bubble and our own memory clamp system to help simplify your life in the stage or studio.
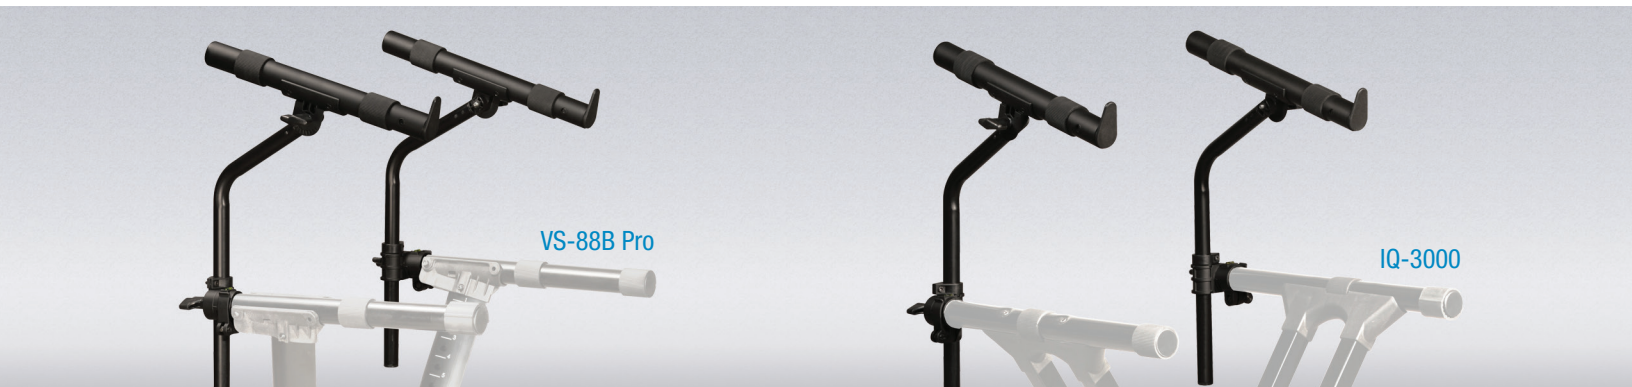

Memory Clamp

The second tier arms are removable and feature a memory clamp that remembers your preferred height setting.

Fully Adjustable

The VSIQ-200B lets you adjust angle, height and width on both arms, allowing you to accommodate a variety of second tier instruments in the way that works for you.

Bubble Level

Each arm has a built-in bubble level to make it easy for you to balance and match the position of each second tier arm.

VS-88B Pro

IQ-3000

V-Stand Compatibility

The VSIQ-200B has been specifically designed for the modern iteration of the VS-88B Pro keyboard stand.

IQ Series Compatibility

The VSIQ-200B additionally works with our IQ Series IQ-3000 Keyboard Stand. When in use with the IQ-3000, the VSIQ-200B Arms can be easily folded down with the stand, making this combo a perfectly portable 2-tier solution.
