

ULTIMATE ACCOUSTICS

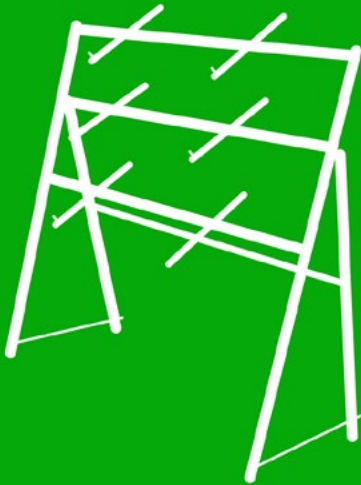

The Ultimate Acoustics line of acoustic treatment products launches; offering reasonably priced, foam based products, and a wide variety of treatment types and solutions.

2015

THE SOUND OF INNOVATION

1979

ULTIMATE SUPPORT IS FOUNDED

Founder Darrell Schoening designs and builds the first A-frame speaker stands from salvaged hang glider tubing. Soon other musicians are begging for their own set. Ultimate Support Systems is born.

1977

FIRST KEYBOARD X-STAND

Ultimate introduce their first X-stand for keyboards. This simple design goes on to become an industry standard worldwide.

2022 CATALOG

1995

FIRST TRIPOD SPEAKER STAND

Ultimate release the first tripod speaker stands with a simple, compact design customers love. This is the first tripod speaker stand!

1983

THE FIRST ONE-HAND CLUTCH MIC STAND

The innovative MC-66 one-hand mic stand is introduced, bringing the world the first one-handed clutch microphone stand!

1986

THE FIRST COLUMN KEYBOARD STAND

The debut of the APEX column keyboard stand at the summer NAMM show takes the music industry by storm. Wins Best New Product award at winter NAMM.
