

EXTERNAL SPRING STYLE BROADCAST MIC STAND

JS-BCM-50 ITEM# 18590

The JS-BCM50 is an external-spring broadcast mic stand designed to be both dependable and affordable. The ergonomic adjust knob makes it easy to twist and lock the stand into place once you find that perfect position. The sturdy table clamp system provides a quick & easy, non-destructive mounting option. The variety of included adapters and a mic clip ensure that most customers will have what they need to get started enjoying their new mic stand right out of the box.
