ADJUSTABLE ANGLE FEATURE (MC-FT-200)

To adjust the angle of the mic stand, press down on the adjustable angle foot pedal control. While pushing down on the adjustable angle foot pedal, pull mic shaft towards desired angle. The mic shaft will lock in 0° and 10° positions.

FIXED ANGLE FEATURE (MC-FT-100)

There are two holes in the mic base. One is 0° and the other is 10° . To change angle of mic stand, unscrew mic shaft from stand, remove plug from desired hole and screw mic shaft into desired hole. For storing plug, screw into open hole.
