SET-UP

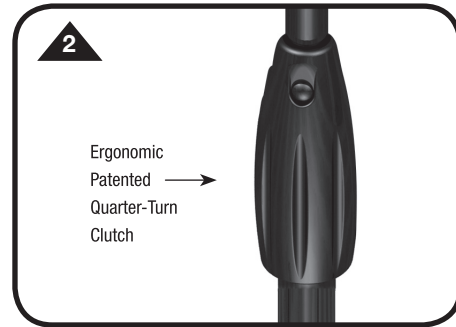

STEP 1
Tripod Base: Loosen z-knob at base, slide base down, tighten z-knob, and lock legs into place.

Weighted Base: Shaft screws into weighted base.

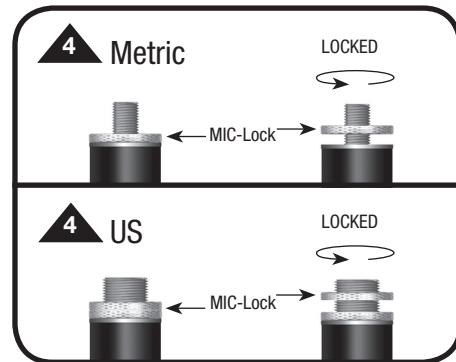

Weighted Base Design: Allows any Pro weighted base stand shaft to be used with any Pro weighted base.

STEP 3 Universal Mic Attachment
 To adjust US to metric, use tool provided or 1.5 Allen Wrench to unlock threads. Turn US threads counter clockwise until it is removed. US MIC-Lock will come off too.

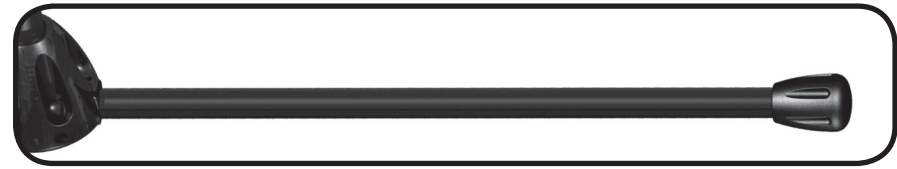

STEP 2
 Turn the ergonomic **Patented Quarter-Turn Clutch** counter clockwise a quarter turn. Adjust stand height up or down. Securely retighten clutch by turning clockwise.

STEP 4 Universal Mic Attachment
 After choosing desired thread, place microphone on universal mic attachment. Then turn MIC-Lock counter clockwise to lock mic in place.

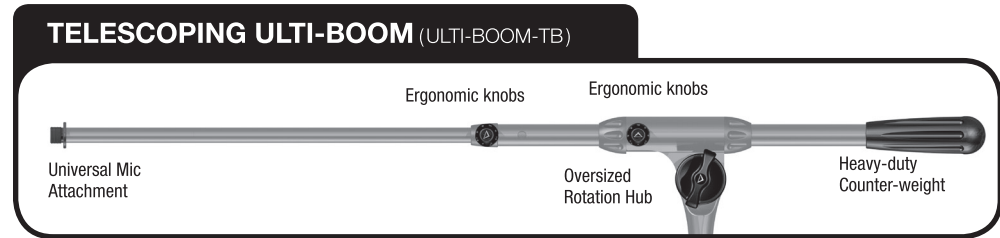

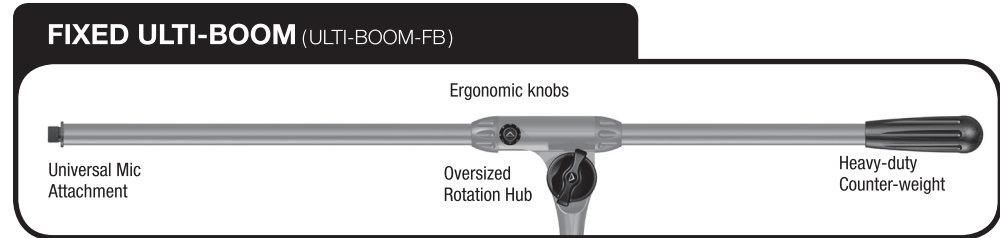

FEATURES

LEG REPLACEMENT

The legs on the Tour and Pro Series Mic Stands are built to be extra durable, withstanding the rigors of everyday use. However, if a leg should get damaged, the stand is designed to be field repairable and the legs can be replaced. Please visit www.ultimatesupport.com or call customer support at 800-525-5628 for more details.

THE SHAFT OF ANY WEIGHTED PRO STAND CAN BE USED WITH ANY WEIGHTED PRO BASE!

STAND & BOOM PACKAGE MODELS:

PRO-T-T, PRO-T-F, PRO-T-SHORT-T, PRO-T-SHORT-F, PRO-ST-T, PRO-ST-F
 The "Ulti-boom" telescoping and fixed mic boom features an oversized "rotation hub" - the place on a boom where everything comes together. Ultimate Support's center hub is the largest on the market, increasing friction, and reducing any chance of slipping. Adjust it once and forget about it!
