

ELECTRIC CHAIN HOIST **GIS – GPM**

The all new GPM Electric Chain Hoists are manufactured in Switzerland and offer superior lifting solutions. The GPM is simply built and contains no sensitive electronics. It is very quiet-running and is designed for a long-life with heavy use. The ergonomic control switch allows easy operation. With only 14 kg weight, it is ideally suited for mobile use. Maintenance is easy, quick and needs no special tools.

The GPM offers:

- Two speed
- Standard height of lift of 3m, however it can be tailored to suit your application meaning you don't pay for excess chain;
- Low voltage pendant or remote controls;
- IP 65 as standard
- Hook or ring suspension.
- M5 duty rating as a standard

We're Australia's leading online supplier of lifting equipment and partner with some of the most trusted brands in the world to deliver quality products at competitive prices.
