

GRADE 100 MULTI-SHORTENING CLAW **VMVK**

After decades of success the RUD shortening claw has been further enhanced. Fitted permanently on the chain leg at any required position, no additional chain coupling devices are required. It can either be mounted or easily moved to any position along the chain leg.

- Ideal link shaped chain pocket facilitates even wearing of the chain thus no reduction of the WLL
- A robust safety bolt with spring prevents accidental loosening of the chain in both loaded and unloaded condition.

CHAIN	WLL (tonne)	DIMENSIONS (mm)					WEIGHT (kg/pc)
		A	B1	B2	T	G	
6	1.5	38	34	40	66	38	0.3
8	2.5	46	41	52	88	48	0.55
10	4.0	58	50	64	110	60	1.1
13	6.7	74	64	86	143	76	2.4
16	10	91	79	105	176	98	4.4
