

WBP

LOW VACUUM AUDIO ALARM

N4950WBP model shown

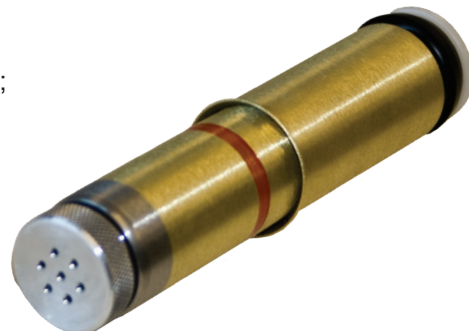

**Wood's Powr-Grip's®
 Low Vacuum Audio Alarm
 adds another dimension of
 safety to handling materials
 with our world-famous
 vacuum cups.**

FEATURES:

- The durable, metal-clad plunger can be ordered in most new N-Series Vacuum Cups, as well as model LJ6VH, or installed in Powr-Grip cups currently in the field (including models LJ6VH, N4950, N4000, N5450 and N6450).
- Plunger emits an audible warning to the user and others, in the case of a vacuum loss.
- Low Vacuum Audio Alarm supplements visible red-line indicator with audible indicator, increasing peace of mind in circumstances that make it difficult to monitor the visual indicator.
- Ideal for use with Hand Cup Frames (VL2MAN, VL3000 and HF-6000) and other products that incorporate hand cups not held by the user.
- Advanced design automatically turns Audio Alarm on or off as necessary, eliminating power switch, increasing battery life and simplifying operation, as compared to competitors' products.
- Comes complete with long-lasting, easy-to-replace AAA battery.

SPECIFICATIONS:

- Alarm Volume: 70 dBa at 36" [91 cm]
- Power Source: one AAA, 1.2-1.5 volt battery; automatic on/off function
- Battery Life: provides 30 hours of continuous tone
