

One step, low VOC Cure & Seal containing Silane

A unique solvent based blend of silane and pure non-yellowing, acrylic copolymers designed to cure, seal, harden and dustproof fresh concrete and provide additional protection to existing concrete.

✓ Benefits

- Cures and protects fresh concrete
- Protects against spalling and deterioration caused by deicing salts
- Non-yellowing
- Highly resistant to moisture and salt
- Ready to use
- One step application - protects without an added sealing process

Usage

- Exterior or interior concrete surfaces
- Parking decks
- Walls and columns
- Can be applied to fresh concrete
- Sidewalks & exterior concrete paving
- Distribution warehouse truck aprons
- Exterior sidewalks & walkways
- Concrete paving & parking lots

Standards

- Meets ASTM C309/1315, Type 1, Class B for curing
- Meets VOC emission requirements for curing and sealing compounds (EPA limit < 350 g/L)
- OTC Compliant

Packaging

- 5 gallon pail (18.93 liters)
- 55 gallon drum (208.2 liters)
