Hello!

Jule's Baskets is a boutique gifting brand that curates the perfect one-of-a-kind gift basket for clients, employees or loved one for any occasion!

We do it all - holidays, thank you's, special events, employee recognition or whenever any gift giving opportunities arise.

We offer a modern approach to gift baskets; our baskets are presented in a clean white market tray and are hand-made brimming with local artisan, organic and socially responsible goodies that actually taste good!

Hi! I'm Julie Tadeson, Culinary Nutritionist, Certified Holistic Lifestyle Coach, Personal Trainer, mindful mom to two sweet-as-can-be daughters and founder of Jule's Baskets. and Jule's Wellness. My passion for Jule's Baskets lies in bringing health and happiness to people's lives.

Having worked in the corporate world and been responsible for corporate gifting I realized there was a need for a health-conscious alternative. Gifting that was practical, yet memorable to cultivate important relationships all while delivering a healthier alternative. And since I love healthy living and good food, it's not all that surprising that Jule's Baskets became my way of inviting others to give the gift of health and happiness.

I'm passionate and delighted to deliver a signature service to exceed expectations. My commitment to cultivating exceptional relationships starts with my clients.

I am here to be your gift giving expert!
