EDITION No. 011

Effortless, elevated and endlessly interchangeable, for wherever summer takes you.

“Our aim with Edition No. 011 was to encapsulate the complete ease of summer: light and airy shirting, perfectly packable accompaniments, all tinged in a wear-with-everything, sandy-hued palette. This is the height of effortless dressing.”

BRITT BARKWELL,

LOOK 001

THE ISABEL - SAND STRIPE +
MARLOWE CREWNECK - SAND

A contemporary take on summer stripes, our sandy-hued iteration of the Isabel sets a stunning tone for a monochromatic look. When the weather calls for cooler periods, toss on cream denim and our Marlowe Crewneck, a beautifully complementary accompaniment in yet another coastal-inspired colour.

LOOK 002

THE ISABEL - WHITE POPLIN +
REESE SHORT - BLACK

Embrace the hot season in your next summer uniform: the poplin-cut Isabel—lightweight, breathable and set to take on summer temps—worn open over a tank and our easy, smocked-waist Reese Shorts. Lace up your chosen pair of strappy sandals to finish and you're good to go.

LOOK 003

THE MARGAUX SHIRT - SAND
STRIPE + REESE SHORT - BLACK

Reinvented shirting at its freshest. The beauty of Margaux is that it practically styles itself, making an instant outfit out of whatever you wear on the bottom. Reach for it when a summer soirée is on the social calendar, or couple it with our streamlined Reese Short to make Margaux's statement-making neckline the focus.

LOOK 004

MARLOWE CREWNECK - SAND +
REESE SHORT - BLACK

An essential facet of summer dressing, elevated layers let you extend your endeavours, no matter the forecast. Find that versatility in the Marlowe Crewneck, a merino-cashmere blend piece that's both lightweight and breathable. Consider it a must-pack that'll get repeat wear.

LOOK 005

THE CAMILLE SATIN TANK

Restrained sophistication is what sets the Camille Tank apart from its standard counterparts. With a cropped cut and plush satin drape, it tucks beautifully into your go-to pair of high-waisted denim or trousers. Statement-making jewellery, like sculptural drop earrings, only add to the polished feel.
