GIFT CATALOGUE
2024**

GIVE A GIFT THEY'LL REMEMBER.

They'll think of you first – your business and your integrity – when they have your logo on a Zippo product. Whether you give the iconic, guaranteed-for-life windproof lighter or the warmth and power of a HeatBank® rechargeable hand warmer, you'll be remembered for quality – which is exactly what a Zippo gift says about you.

Corporate gifts from Zippo are easy to order and stand out from all the rest.

We offer:

- Low minimum order quantities
- Wide range of product colours and base models
- Wide variety of customisation options to create a unique design with full colour, single colour and engraved options for most products
- Gift packs at multiple price points
- In-house designers who can help you find the perfect exclusive design

Guarantee

Any Zippo pocket lighter, when returned to our repair clinic, will be put in first-class mechanical condition free of charge, for we have yet to charge a cent for the repair of a Zippo pocket lighter, regardless of age or condition. The finish, however, is not guaranteed.

This guarantee gives you specific legal rights and you may also have other rights which vary from state to state. Other Zippo products carry their own specific warranties.

Because we are constantly improving our products, some items may not look exactly as depicted. The availability of items in these catalogues are subject to change with or without notice at Zippo's sole discretion.

Vintage Lighters

Customisation MOQ 50

There's Nothing Old About Zippo Vintage. The success of Zippo's 50th anniversary commemorative lighter in 1982 was a strong indicator that Zippo customers and collectors were receptive to the addition of more vintage-style lighters to the product line. Zippo Vintage lighters were introduced in 1985, designed after a similar Zippo lighter created in 1937.

Distinctive features:

- Five-barrel hinge joins the lid and the bottom; same as current Zippo lighter.
- Sides of the unit are flat, with rounded corners and edges replicating the 1935 square case.
- Flat bottom and top case with current bottom stamp.

Signature Imprint Methods (shorter lead times)

Zippo Manufacturing Company has sole discretion to accept or reject artwork or images to be placed on any product for any reason, including but not limited to suspected infringement of third-party intellectual property rights. Purchasers submitting artwork must also submit an artwork agreement, which contains representations and warranties that the purchaser owns or has rights to the artwork, and agrees to indemnify Zippo Manufacturing Company for any claims related to use of the artwork on the products.

Color Image (one or two sided)

- Zippo's signature printing method is capable of anything from one-colour logos to full-colour photographic representations. Multiple spot colours can be matched to PMS colours for simple logos.
- Zippo will accept vector artwork files (Adobe Illustrator) in these formats: .ai, .eps, .pdf (provided entire contents of file are vector).
- Zippo will accept raster artwork files (Adobe Photoshop) no less than 3,81 cm wide x 5,71 cm high with a resolution of 600 DPI (dots per inch).
- Acceptable formats include .psd, .tif, .eps, .jpg (provided the resolution is high enough). Any file requiring background isolation must have paths or a layered file with transparent background included.

Laser Engrave

Computer-programmed laser engravers expertly reproduce your custom artwork onto a variety of base models. The crisp and precise design is revealed in metallic tones beneath the lighter's finish to provide luxurious contrast.

Laser Engraving is now available on most Zippo products. Show us your artwork and we will tell you if Laser Engraving will work for you.

Lustre

Restricted to plated finishes, the Lustre process recreates a design with intricate etching, which is then plated to add both depth and durability.

- MOQ: 100 for Lustre
- MOQ: 100 for Antique finishes

#352

Double Lustre

A design is double-etched onto a lighter and then plated for a layered, multi-dimensional effect. The lighter's high-polish finish is incorporated into the design's negative space for added depth.

- Base model restrictions apply
- Art constraints apply

#24751

Laser 360°

Precision lasers engrave 360° seamlessly around any High Polish lighter case.

- Base model restrictions apply
- Art constraints apply
- Design Center visits only

#49811

Laser Two-Tone

Zippo's lasers can be programmed utilizing two different depths, creating a unique contrast with silver and gold tones.

Premium and Luxury Imprint Methods (longer lead times)

Fusion

A combination of specific pre-determined colour palettes and chrome breaks creates an iridescent, metallic look.

- Base model restrictions apply
- Art constraints apply

#48592

Photo Image

Photographs are digitally replicated into high-resolution images, which are then laser-engraved with pin-sharp accuracy.

- Standard imprint charges apply
- Base model restrictions apply

#48914

Emblem

Image is die-struck onto various metal substrates such as brass, aluminum and pewter.

- Art constraints apply
- May require additional lead time
- Tooling charges may be required
- MOQ: 500

#362

Texture Print

Layers of ink are selectively applied to create 3D images, icons or patterns that rise from the lighter's surface for an irresistibly tactile effect.

- Model restrictions apply
- May require additional lead time
- Art restrictions apply
- Design Center in-house visits only

#CT400093

Black Light

Specially formulated ink is selectively applied to a lighter's surface to reveal an image or enhance a design in the presence of ultraviolet light.

- Design Center in-house visits only

#49810

Glow-in-the-Dark

Lighters are treated with a specialty coating that causes a design (or certain elements of a design) to glow in the dark after being exposed to bright light.

- Some art and model restrictions apply

#CI420571

540 Colour

For the first time, the signature windproof lighter can be completely enveloped by full colour graphics with the most intricate and vibrant designs possible.

#49354

Stamping

Image is debossed into the case, creating a 3D design.

- Art constraints apply
- Tooling charges may be required
- MOQ: 500

#28994

MultiCut

A powerful milling machine accurately engraves deep, contoured cuts 360° around an Armor® case using a selection of tool sizes. Special buffing and plating is then applied for a high-end look.

- Base model restrictions apply
- Art constraints apply
- Design Center visits only
- Also available on select precious-metal models
