product	return/exchange/credit	reason

Please return all item(s) in their original, unworn condition, folded carefully and placed inside their recycled black garment bags as received. All goods must then be suitably packaged so they are not damaged in transit. Also, make sure to complete the returns slip is filled completely and correct so we can allocate the order and process accordingly.

Return shipping costs are the responsibility of the customer and all returns must be sent to the address shown on the returns slip above. Please ensure to clearly mark any customs documents as "RETURNED GOODS" as any returns which we receive with unpaid duties/customs/fees will be rejected. We recommend sending via a tracked/insured service so that if anything goes wrong in transit, you are covered by the shipping company.
