

| Pictures | Model | Specification | Rate (USD) | Function |
|--|---------|--|------------|---|
|  | PG pro+ | Laser type: Fiber laser Laser power: 20W Machine power: < 300W Laser wavelength: 1064nm Marking depth: 0.015~0.5mm Scan range: 175mm*175mm With computer and software Built-in WiFi module Built-in fume extractor Gross weight: 30KG | \$1,699.0 | Visual autofocus Built-in PC + fume extractor 20W is more effective iPhone8-14ProMax |
|  | PG pro | Laser type: Fiber laser Laser power: 8W Machine power: < 300W Laser wavelength: 1064nm Marking depth: 0.015~0.5mm Scan range: 175mm*175mm With computer and software Built-in WiFi module Built-in fume extractor Gross weight: 30KG | \$1,500.0 | Visual autofocus Built-in PC + fume extractor iPhone8-14ProMax |
|  | PG-oneS | Laser type: Fiber laser Laser power: 8W/20W Machine power: < 300W Laser wavelength: 1064nm Marking depth: 0.015~0.5mm Scan range: 175mm*175mm Cooling method: built-in air cooling Marking line width: 0.05~0.01mm Package size: 70*70*40cm Gross weight: 32KG volumetric weight: 45KG | \$1,500.0 | Autofocus Built-in PC Classic Version Optional 8W / 20w iPhone8-14ProMax |
|  | MG-oneS | Laser type: Fiber laser Laser power: 8W Machine power: < 300W Laser wavelength: 1064nm Marking depth: 0.015-0.5mm Cooling mode: built-in air cooling Scan range: 175mmx175MM Marking line width: 0.05-0.01 mm Package size: 69*66*40cm Gross weight: 28.92KG volumetric weight: 36KG | \$1,399.0 | Fiber laser Autofocus Classic Version iPhone8-14ProMax |
|  | G-oneS | Laser type: Fiber laser Laser power: 30W Machine power: < 300W Laser wavelength: 1064nm Marking depth: 0.015-0.5mm Cooling mode: built-in air cooling Scan range: 175mmx175MM Marking line width: 0.05-0.01 mm Package size: 800*600*400MM Gross weight: 48KG volumetric weight: 61KG | \$2,199.0 | Autofocus Fiber laser Stronger laser For phone repairing and metal marking Customized iPhone8-14ProMax |
|  | G-one | Laser type: Fiber laser Laser power: 30W Machine power: < 300W Laser wavelength: 1064nm Marking depth: 0.015-0.5mm Cooling mode: built-in air cooling Scan range: 175mmx175MM Package size: 800*600*400MM Gross weight: 48KG Gross weight: 61KG | \$2,200.0 | Manual focus Fiber laser Stronger laser For back glass removal and metal marking Customized iPhone8-14ProMax |

| | | | | |
|--|------------------------|---|------------------|--|
|  | <p>ZW-15</p> | <p>Laser type: fiber mix Focus: automatic Wavelength: 355nm Marking range: 110*110mm Beam quality: < 1.5 m2 Frequency: 20-100KHZ Pulse repetition frequency: 20-100KHZ Cooling method: air cooling Operating temperature: 15°C-35°C Gross weight: 35KG Package size: 700×700×400MM</p> | <p>\$3,199.0</p> | <p>Autofocus Good for mark Logo</p> |
|  | <p>UV cold laser</p> | <p>Total power: < 800w UV Laser: 3w Markingdepth:0.015-0.5mm Cooling method : Built-in air cooling Marking area:175mmx175mm Marking linewidth:0.05-0.01mm Laserwave length:355nm Packing size:730*500*640(mm) Equipment weight:35.25KG Gross weight:45.27KG</p> | <p>\$3,299.0</p> | <p>Glass removal Good for mark Logo Leather, glass, wood available</p> |
|   | <p>ML-14</p> | <p>laser power: 8w Machine power: 350W Cooling method: water cooling Laser Wavelength: 1064 Machine dimensions: 340*505*470 (mm) Package size: 615*440*570 (mm)</p> | <p>\$999.0</p> | <p>Precise control Good for battery soldering Accuracy 99.9%</p> |
|  | <p>handheld laserM</p> | <p>Laser power: 20w Laser wave length :1064nm Repeatability: < 0.001mm Marking depth: 0.015-0.5mm Cooling method: Built-in air cooling Marking area: 175mm * 175mm Equipment weight: 6KG Gross weight :9kg</p> | <p>\$1,969.0</p> | <p>Portable handheld Suitable for metal marking</p> |
|   | <p>MT103/MT17S</p> | <p>Machine power: 800W Lamination time: 60S Bubble remove time: 10 minutes Heating mode: constant temperature heating Workbench: 7" (20*16cm) Equipment size: 570*420*360mm Cavity size: Depth 17cm,Diameter 16cm Working temperature: 0~50°C Net weight: 56.5KG Gross weight: 63KG</p> | <p>\$880.0</p> | <p>All-in-one recommend curved mats Optional Edge molds(\$170)</p> |
|  | <p>MT102/MT17</p> | <p>Machine power: 800W Lamination time: 60S Bubble remove time: 10 minutes Heating mode: constant temperature heating Workbench: 7" (20*16cm) Size: 535*425*355mm Weight(NT): 56.5kg Cavity size: Depth 17cm,Diameter 16cm Working temperature: 0~50°C Gross weight: 63KG</p> | <p>\$839.0</p> | <p>All-in-one recommend curved mats</p> |
|  | <p>MT-12</p> | <p>Equipment power: 800W Lamination type: Flat laminating Lamination time: 60S Bubble remove time: 1~10 minutes Heating mode: constant temperature heating Working temperature: 0~50°C Suitable size: 12" Equipment size: 490*360*350mm Net weight: 36.6kg(kg) Gross weight: 43KG</p> | <p>\$599.0</p> | <p>All in one Support 12" iPad Automatic laminating and defoaming</p> |

| | | | | |
|--|------------|--|---------|---|
|   | M2-MAX/M2S | <p>Equipment power: 300 W Suitable size: up to 15" Separator temperature: 0-100 °C Defoaming temperature: 0~50°C Heating way: constant temperature heating Gross weight: 18.5KG Recommended defoaming time: 30s-60s Compressors required</p> | \$239.0 | Debubbler + Separator Support 14" iPad repair |
|  | MT-13 | <p>Equipment power: 400W Lamination type: Airbag Lamination Lamination time: 60S Suitable size: up to 7" Equipmentsize:298*198*157(MM) Net weight: 6KG</p> | \$369.0 | Built-in vacuum pump, visual cover |
|  | MT-16 | <p>Equipment power: 800W Lamination type: Airbag Lamination Lamination time: 60S Defoaming time: 10 minutes Suitable size: up to 7" Working temperature: 0~50°C Equipmentsize:320*225*195(MM) Net weight: 13KG Gross weight: 15KG</p> | \$529.0 | All-in-one Built-in vacuum pump and compressor |
|  | MT-18 | <p>Equipment power: 800W Lamination type: Airbag Lamination Lamination time: 60S Defoaming time: 10 minutes Suitable size: up to 16" Working temperature: 0~50°C Equipmentsize:400*320*197(MM) Gross weight: 23KG</p> | \$629.0 | All-in-one Built-in vacuum pump and compressor |
|  | M2 | <p>Equipment power: 300 W Separator temperature: 0-100 °C Defoaming temperature: 0~50°C Heating way: constant temperature heating Suitable size: < 7" Equipment size: 350 * 180 *88 mm Gross weight: 7.5KG Recommended defoaming time: 30s-60s Compressors required</p> | \$129.0 | Debubbler + Separator |
|  | M1P-MAX | <p>Equipment power: 300 W Suitable size: up to 15" Built-in mini compressor Add pressure regulator Weight: 16KG Package size: 53*42*18CM Recommended defoaming time: 30s-60s Defoaming temperature: 0~50°C Supports external compressors and pressure regulators</p> | \$229.0 | Air Bubble Remover Support 14" iPad repair Built-in compressor Pressure adjustable |
|  | M1-MAX/M1S | <p>Equipment power: 300 W Suitable size: up to 15" N.W/G.W: 12.46KG/13.7KG Package size: 53*42*18CM Recommended defoaming time: 30s-60s Defoaming temperature: 0~50°C Compressors required</p> | \$170.0 | Air Bubble Remover Support 14" iPad repair |

| | | | | |
|--|--------|---|---------|--|
|  | M1 Pro | <p>Equipment power: 300 w Recommended defoaming time: 30s-60s constant temperature of board Suitable size: < 7" Built-in compressor Add pressure regulator Gross weight: 7.5kg Defoaming temperature: 0~50°C Supports external compressors and pressure regulators</p> | \$139.0 | Bubble remover Built-in compressor Pressure adjustable |
|  | M1 | <p>Equipment power: 300 w Recommended defoaming time: 30s-60s Suitable size: < 7" Equipment size: 350 * 180 * 88 mm Gross weight: 6kg Defoaming temperature: Default 40°C Compressors required</p> | \$79.0 | Bubble remover |
|   | CP-150 | <p>Power: 500 w Heat panel: 280 * 220MM Heating mode: Constant temperature heating Range of temperature control: up to 120°C Suitable size: < 15" Heating mode: PTC heating piece Equipment size: 290 * 380 * 146 mm Package size: 450 * 350 * 230mm Gross weight: 9KG</p> | \$99.0 | Separator Support 14" iPad repair |
|  | CP-201 | <p>Equipment power: 300 w Production efficiency: manual cutting Range of temperature control: up to 120°C Heating mode: constant temperature heating Suitable size : < 7" Equipment size: 320 * 180 * 128 mm Net weight: 3 kg Heating mode: PTC heating</p> | \$39.0 | 7" Separator |
|  | CP-109 | <p>Power: 100W Heating method: constant temperature heating Temperature : up to 120 °C Suitable size: < 7" Equipment size: 271.27*147.5*81.5 (mm3) Net weight: 0.8KG Carton size: 310*220 *135 (mm3) Carton weight: 1.22KG</p> | \$25.9 | ABS shell 7" Separator |
|  | CP-103 | <p>120° swing adjustment Equipment power: 100 w Production efficiency: manual cutting Heating mode: constant temperature heating Suitable size : < 7" Equipment size: 320 * 180 *231 mm Gross weight: 4KG Volumetric weight: 6kg</p> | \$79.0 | Separator Swingable |
|   | KO-4 | <p>Lamination type: edge and flat laminating Efficiency: 30 seconds/piece Support device: < 9" Laminating temperature: 0~ 50°C Laminating time: 60S is recommended Package size: 48*38*35CM Gross weight: 19 kg Vacuum pumps and compressors required</p> | \$199.0 | Laminator Support edge mold Optional Edge mats |

| | | | | |
|--|--------|--|---------|---|
|  | KO-3 | <p>Lamination type: flat laminating Efficiency: 30 seconds/piece Support device: < 9" Laminating temperature: Default 40°C Laminating time: 60S is recommended Package size: 39*35*32CM Gross weight: 18 kg Vacuum pumps and compressors required</p> | \$149.0 | Laminator Optional Edge mats |
|  | KO-NO2 | <p>Power supply: AC220V/110V±10% Lamination type: edge and flat laminating Efficiency: 30 seconds/piece Suitable device : < 9" (20*16cm) Heating mode: constant temperature heating Laminating temperature: Default 40°C Laminating time: 60S is recommended Equipment size: 300*300*390 mm Gross weight: 33KG Vacuum pumps and compressors required</p> | \$299.0 | Laminator optional Edge mold Optional Edge mats |
|  | KO2pro | <p>Power supply: AC220V/110V±10% Lamination type: edge and flat laminating Efficiency: 30 seconds/piece Suitable device : < 9" (20*16cm) Heating mode: constant temperature heating Laminating temperature: Default 40°C Laminating time: 60S is recommended Gross weight: 33KG Vacuum pumps and compressors required</p> | \$299.0 | Laminator optional Edge mold Optional Edge mats |
|  | KO-NO1 | <p>Power supply: AC220V/110V±10% Lamination type: flat laminating Efficiency: 30 seconds/piece Heating mode: constant temperature heating Laminating temperature: Default 40°C Laminating time: 60S is recommended Suitable device: < 9" (20*16cm) Size: 310*310*430 mm Gross weight: 33 kg Vacuum pumps and compressors required</p> | | Laminator Optional Edge mats |
|  | CP-02A | <p>Heating mode: constant temperature heating Defoaming temperature: Default 40°C Suitable device: < 9" Equipment size: 300*330*370 (mm³) Equipment weight: 16kg Equipment power: 20w Cavity size: Depth 17cm,Diameter 16cm (15pcs 7" LCD) Compressors required</p> | \$150.0 | |
|  | M3 | <p>Heating method: constant temperature heating Power: 300W Suitable size: < 7" Equipment size: 381.5*200*250 (mm³) Gross weight: 22KG Package size: 485*306 *320 (mm³) Cavity size: depth 170mm,width 100mm (7 inches) Laminating temperature: Default 40°C Laminating time: 60S is recommended Vacuum pumps and compressors required</p> | \$329.0 | Laminator+separator |
|  | FT-18 | <p>Laminating method: flat laminating Suitable device: < 18" Equipmentsize: 432*460*493.5 (MM) Net weight: 44.4KG Packing size: 563*544 *630 (MM) Gross weight 58KG Laminating size: 318*228(MM) Laminating temperature: Default 40°C Laminating time: 1~2 minutes recommended Vacuum pumps and compressors required</p> | \$0.0 | sold out |

| | | | | |
|---|-----------|---|---------|-------------------------------|
|  | LWS-301 | <p>Laser power: 15W,10 levels adjustable Laser spot size: 10mm/6mm Maximum temperature: 1300°C Power: 110V/220V, 50HZ±5% Machine size: 216*110*129 (mm) Packing size: 600*250*200 (mm) Gross weight: 3.4KG volumetric weight: 8 KG</p> | \$470.0 | 915nm laser welding station |
|  | CP-601 | <p>Power: 760W Temperature range: 100 - 450 °C(212~842 °F) Air volume range: 20 - 100 Wind level Air flow volume: 31L/min(MAX) Max Noise: 67dB Soldering temperature range: 200-500 °C (392~932 ° F) Unit Packing Size: 300*280*230(mm) Body weight: 1.88 KG volumetric weight: 4KG</p> | \$89.0 | |
|  | CP-401 | <p>Power: 700W Temperature range: 100-450 °C(212~842°F) Air volume range: 20-100 Wind level Air flow volume: 31L/min(MAX) Max Noise: 67dB Unit Packing Size: 300*280*230(mm) Body weight: 1.72 KG Body & handle weight: 1.98KG volumetric weight: 4KG</p> | \$69.0 | |
|   | CP-301 | <p>Power supply: AC220V/110V±10% Body size: 153*153*76.5(mm) Power: 15W Net weight: 1.2KG Gross weight: 4KG Air volume: 1.5 m³/min Features: low noise,strong absorption,high rotating speed</p> | \$90.0 | small |
|  | Edge mold | <p>Box: Aluminum Mat: Soft Silicone Function: alignment & laminating Models include: S8/ S8+/ S9/ S9+/ NOTE8 16cm (L)*11cm (W)*7.5cm (H) Pressure requirement: 0.4Mpa/4bar</p> | \$170.0 | MT-103/KO-NO2/KO-4 Compatible |
|  | DP-101 | <p>Model: DP-101 Color: Black Material: Aluminum alloy Product size: 468mmx318mmx33.5 mm Gross weight: 4.5kg</p> | \$69.0 | |
|  | DP-102 | <p>Model: DP-102 Color: Black Material: Aluminum alloy Product size: 468mmx318mmx33.5 mm Gross weight: 4kg</p> | \$63.0 | |

| | | | | |
|--|------------------|--|--------|--|
|  | Work mat | Work mat for microscope | \$3.9 | |
|  | P-01 | Product size: Φ (diameter)14mmx115mm Packign size: Φ (diameter)16mmx135mm Net Weight: 52g Tool description: Adjustable strength, click to break the glass, making the removal of the back glass easier | \$5.9 | glass breaking pen |
|  | DP-203B | Universal cell phone back cover glass removal holder Material: Aluminum Clamping range: 57-90MM Equipment size: 23*18*27cm Net weight: 1.01KG Gross weight: 1.5KG | \$25.9 | Detachable |
|  | Pressure holding | Pressure holding mold for X~14promax X-XS/ XS-Max/ 11Pro/ 11ProMax/ 12/12Pro/ 12Mini/ 12ProMax/ 13/13Pro/ 13Mini/ 13ProMax/ 14/ 14pro/ 14Plus/ 14ProMax/ | \$13.0 | Partly available |
|  | DP-210 | LCD or back cover opening tool Material: Aluminum Packing size: 240*90*90mm Net weight: 0.6KG Gross weight: 0.7KG | \$19.9 | |
|  | Curved Mat | Almost all curved edge models available,including Huawei SAMSUNG, Xiaomi,OPPO,VIVO,Oneplus. Packing size: 163x76*18 MM Full set packing weight: 5KG Available on both sides, one side is curved and the other is flat | \$3.0 | Huawei: Nova7Pro/Honor 30, Nova8/V40 Lite, Nova8Pro/v40, P30Pro, P40Pro, MT20Pro, MT40, MT40Pro, RS Porsche Samsung: S8, S8+, S9, S9+, S10, S10+, S20, S20+, S20u, S21u, Note8, Note9, Note 10, Note 10+, Note20u, xiaomi: cc9 Pro, 10 Pro, 11, OPPO: Fand X, Fand X2, Reno 3Pro/4Pro, Reno 5 Pro, OnePlus: 7 Pro, VIVO: NEX 3, X50 Pro |
|  | Protect mold | iPhone Back Cover Protection Mould Suitable : iPhone 8 to iPhone 14 series (19pcs) Material: Acrylic Block part: Silica gel Full set packing weight: 2.5KG | \$9.9 | |

| | | | | |
|--|---------------|--|---------|---------------------------------------|
|  | Screwdriver | Phillips Screwdriver 1.2 Tri-point Screwdriver 0.6 Pentalobe Screwdriver 0.8 Pinhead Phillips (Standoff) Screwdriver 2.5 Individually packaged | \$2.9 | |
|  | Tweezers | Elbow pointed Extra pointed Individually packaged | \$2.9 | |
|  | Clamps | Clamps for LCD laminate | \$1.9 | |
|  | Camera Cover | Camera Shield Protection Cover For iPhone 8~13 series 8pcs (1 box) | \$6.9 | |
|  | Steel Crowbar | for back glass repair | \$5.9 | |
|  | Glass+OCA | iPhone8-iPhone14 series | Contact | |
|  | Back Glass | iPhone8-iPhone14 series, a variety of colors are available | Contact | Big hole with logo (CE Mark Optional) |
