

Excellence, Adventure & The French Riviera: The Monaco Yacht Show 2022

Come on a quick journey with us to Europe! For now, just in your mind.

Since 1992, the tiny yet grand state of Monaco has hosted the annual Superyacht Show for Europe's elite, who values the freedom, discretion, and magnificence of Yachts. Liveaboards, yacht owners, and clients, who often already own a private jet, visit the Monaco Yacht Show to receive the newest information on the floating vessels that offer a superior way of traveling and exploring the Seven Seas. Perceptive personas from around the world make their trip to the French Riviera to experience this extravagant and grandeur event.

As Canadas's boutique travel solutions provider, XXX is excited to be a treasured part of the international Yachting community. We are delighted to offer our clients expert and in-depth knowledge on chartering and purchasing the finest yachts afloat, introducing them to the revolution of electric yachting or arranging their impromptu desire for a Yacht charter in Europe, Canada, or the US.

This article will inform you about what to expect from this year's Monaco Yacht Show. The MYS occurs from the 28th of September until the 1st of October 2022.

Experience the World of Superyachting

Promoting creative excellence is the proclaimed mission of the annual Monaco Yacht Show. The show is held in the famous deep-water Port Hercule of Monaco. Port Hercule has been in use since ancient times by the Greeks and Romans and lies at the foot of the ancestral rock of the Princess of Monaco.

The annual MYS exhibits more than 100 superyachts available for charter or purchase. But this is not a regular exhibition that anyone can visit. Instead, the Monaco Yacht Show is exclusively reserved for interested clients, yacht owners, charterers, and their representatives or wealth managers.

Acclaimed industry experts and future yachting trendsetters are an integral part of the exhibition. Furthermore, financial advisers and designers will be at your disposal to inform you about the practical aspects of owning a Superyacht or building your customized Superyacht.

Among this year's numerous exhibitors are Columbus Yachts, Crystal Caviar, Deutsche Yachten, and Emilia Burano.

Even your little ones will lack no excitement at the MYS since several exhibitors like ANVERA are specialized in the latest, fun-inducing Water Toys. Cue: Jet Boards, eFoil, Seabobs, and Anti-Jellyfish pools – to our fellow Afraid-of-Jellyfish Community, we get you!

The Yacht Design & Innovation Hub features the newest designs and famous naval architects who showcase their latest innovations. The Design & Innovation Hub is located in the Dockside area.

At the Upper Deck Lounge, you can indulge in a universe showcasing the know-how of luxurious interior design, private aviation, fine watchmaking, and various artworks.

Electric Yachts – A Fusion of Sustainability & Luxury

Even though the shipyards showcasing their most prestigious yachts available for purchase or charter is a spectacle in itself, many visitors this year especially look forward to the exhibition of electric yachts.

Monaco's yachting community is joining the energy transition to progress into a more mindful future. Luxury and sustainability no longer have to be antagonists but can be fused into an eco-friendly travel solution thanks to electric yachts. Harnessing divine design and cutting-edge technology pave the way to introduce yachting into a new era.

Electric Yachts are often fitted with state-of-the-art electric propulsion systems to achieve "Silent Cruising". Furthermore, the new-era Yachts are habitually entirely covered in solar panels cleverly adapted to the modern shapes of those yachts.

One of the most prominent shipyards for electric Yachts is Sunreef Yachts. Francis Lapp founded the company in Gdansk, Poland, in 2002. The company is the world's leading manufacturer of luxury sailing yachts.

Mr.Lapp's Catamarans, Eco-Yachts, and Superyachts are bespoke creations that have a low impact on the environment.

Francis Lapp describes each yacht as "a vision brought to life, thoughtfully designed to deliver luxury, style, and comfort."

The Sapphire Experience

If you decide to visit this year's Monaco Yacht Show, there are different tickets available. We always recommend the Sapphire Experience to our valued clients, as this ticket offers them the official bespoke visit program of the Monaco Yacht Show. A concierge service will organize a tailor-made visit so that you and your family or entourage may take full advantage of the activities on offer.

With a Sapphire ticket, your concierge will prepare a customized visiting schedule that enables you to board the superyachts of your interest. Several gala evenings and private cocktail parties onboard the yachts are only available for Sapphire ticket holders. Furthermore, one will benefit from the exclusive Sapphire tender, which takes you on a cruise off Monaco. Additionally, the Sapphire experience offers the full use of the official MYS courtesy cars.

The Sapphire Experience is reserved for visitors interested in chartering or buying a yacht and requires prequalification prior to purchasing the ticket.

Please, reach out to us if you may need any assistance or guidance in purchasing your Monaco Yacht Show tickets. We will be more than happy to arrange a private jet for you to get to the MYS comfortably at your convenience as well.

If you are spending the fall in the French Riviera anyways, a Yacht charter before or after the Monaco Yacht show offers splendid opportunities for the whole family.

XXX is at your disposal not only for your Canadian and US inquiries but to assist you and your dearest and nearest with your European adventures as well.
