We have become the first company in India to bring standardisation in the medical cannabis industry with our Full Spectrum CBD Medicines.

As per Ayurvedic Pharmacopoeia Part-I, Volume-I, bhang is Vijaya and consists of dried leaves of cultivated or wild plants of Cannabis sativa Linn. (Fam Cannabaceae). In Ayurveda, it has different names are Bhangra, Madani, Bhan, Sidhi, Indian Hemp, Bhaang, Bhang, Bhangigida, Ganjagida, Pang, Bangi, Kanchavu, Ganja, Ganjei and Qinaab.

Cannabis/ Vijaya holds a significant place in Hindu mythology. Ayurvedic medicines use the stem, leaves, and seeds of the Cannabis plant to cure plenty of diseases by herbal remedies.

Vijaya leaves possess tikta rasa, ushna veerya, laghu teekshna Guna, vata-kaphahara and pittakara Doshaghnata, Grahi, Pachana Karma. From time immemorial, Cannabis/ Vijaya is being used to cure a lot of diseases like Glaucoma, sexual dysfunction, hypertension, kidney stones, lack of appetite, insomnia, skin infections, digestive problems, respiratory problems & Pain. It is to be noted that Cannabis is first purified and then used as a medicine in Ayurveda. Its healing properties make it an extremely important part of Ayurveda as it decreases Kapha, increases digestion and immunity, and boosts mental health.

Uplift[®]

Ayurvedic Proprietary Medicine

'Cannasure Uplift' is a proprietary medicine from NOIGRA that helps deal with mental health issues such as low mental energy levels, and frequent bouts of low mood, lack of happiness. Despite the bad press, it has received all these recent decades, medical Cannabis is an incredible drug when it comes to seeing its ambit of dealing with health issues.

Bringing Ayurveda science into the context, Vijaya has quick remedial action on the body due to its action of the endocannabinoid system. Vijaya (Cannabis sativa) in 'Uplift' assimilates, quickly gets absorbed in the blood and acts on the 'Praanvaah and Manovaaah srotas' immediately. Hence, it becomes easier and faster for it to give quick relief. The medicine, when taken judiciously under the guidance of an Ayurveda practitioner, has shown good results in medical conditions such as chronic sleep disorders, low mood, low spirits and lack of happiness in conditions such as Fibromyalgia and dealing with brain fog etc.

B-CNF¹

Ayurvedic Proprietary Medicine

A researched and proprietary blend of 19 Ayurvedic Herbs having wonderful effect on shukra vaha srotasa as shukra vardhana, shukra stambhana and shukra parvartana.

In India, the properties and use of Vijaya (Cannabis Sativa) has been described by many ayurvedic physicians for thousands of years. It is described as an activity potentiator (Fast Pharmacological action) with qualities of Vajeeकरana (Aphrodisiac) and Vrasya (action on sperms) indicated in the management of Klaihya (Impotence).

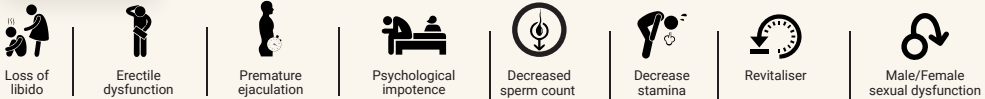

Contrary to the prevalent belief that Ayurveda works in a slow manner, the Ayurvedic plant of 'Vijaya' (Cannabis sativa) gives quick results in combating various health conditions. This action is attributed to its ability to assimilate and absorb quickly in the blood, thereby, providing a quick remedial action.

CBD RELIEF BALM

30 gm.

₹3999/-

Composition

Our CBD Balm is an energising combination of cold-pressed hemp seed oil, full spectrum hemp leaf extract, and other highly useful components that efficiently protects, heals, restores, and nourishes your skin while being kind to it. The balm improves the skin's natural defence mechanism and capacity for regeneration and repair, making it a fantastic tool for treating and curing a variety of skin conditions including eczema, psoriasis, and others. Because of the high CBD content, it quickly penetrates beyond the skin and into painful muscles to provide persistent relief from localised muscular pain, stiffness, inflammation, and lingering soreness. Perfect for those with active lives, athletes, and on-the-go rehabilitation.

Full Spectrum Cannabis Sativa (Hemp) Leaf Extract, Cold Pressed Hemp Seed Oil, Candelilla Wax, Avocado Oil, Jojoba Seed Oil, Grape Seed Oil, Seabuckthorn Oil, Pomegranate Seed Oil, Coconut Oil, Lavender Oil, Eucalyptus Oil, Peppermint Oil, Rosemary Oil

How to Use

First, wash and dry the skin. Apply the recommended amount to the skin using gentle circular strokes. If more ointment is required, spread it over the afflicted region and cover with a bandage or patch. It is appropriate for all skin types and daily usage. To check for a response, it is always a good idea to perform a patch test on your skin.
