

AMERIPOLISH®

SmartFloor MAINTENANCE SYSTEM

IT'S BETTER | IT'S EASIER | IT SAVES YOU MONEY

Ameripolish® SmartFloor™ Maintenance System

The SmartFloor™ Maintenance concept is engineered to provide the end user with a highly aesthetic floor and an easy and economical way to maintain a polished concrete floor utilizing standard janitorial equipment and existing personnel. The SmartFloor™ Maintenance System consists of Daily Maintenance Pads (Blue) for daily maintenance and Restoration Pads (Orange) for removing stains or recovering lightly worn out floors back to a sustainable aesthetic. The SmartFloor™ Maintenance System inserts are made of unique composite resin abrasive technology that maintain a highly-refined floor without ongoing stock removal, and it also successfully remediates etches and stains.

Daily Maintenance Pad (Blue)

Restoration Pad (Orange)

It's Better

- The Daily Maintenance (Blue) pad will maintain and improve the aesthetics, especially Distinctness Of Image (DOI) or clarity of a concrete floor, through the process of daily cleaning
- Embedded composite resin abrasives polish and hone while the white pad simultaneously cleans the surface
- Flattens the floor surface removing any “orange peel” effect cause from other pad types

It's Easier

- Easy-to-use pad system, Daily Maintenance (Blue) and Restoration (Orange)
- Designed for use under auto-scrubbers
- Both Orange and Blue pads have wear indicators within the pad, when the floor side of the pad shows its Orange/Blue color its time to change the pad
- Both Orange/Blue colors are visible from the side of the pad making it easy to identify the pad even when it is on the machine

It Saves You Money

- The Daily Maintenance (Blue) pad last an astounding 750,000+ sqft, 2-3x more than leading competitor pads
- Due to the sustainability of the SmartFloor™ Maintenance System, it eliminates the need for periodic floor refurbishing

Ameripolish® Rejuvenating Cleaner

Features

- Antimicrobial protection built-in to provide an additional level of protection from microorganisms
- Concentrated cleaner that removes daily debris from hard surfaces
- Contains chemical analogues to SR²™ that reinforce stain protection
- Contains no harsh chemicals
- Environmentally friendly and biodegradable
- Easy to use, tilt-measure bottle
- Low VOC, VOC-compliant
- Ideal for daily cleaning of polished concrete, terrazzo, epoxy, urethane and other hard-surface flooring

Ameripolish® Rejuvenating Cleaner is a concentrated multipurpose cleaner that removes daily debris from hard surfaces. Rejuvenating Cleaner Concentrate provides an additional level of protection to combat microorganisms, for floors cleaned with this product. Rejuvenating Cleaner contains no harsh chemicals, and does not cause build up on the surface. In addition to polished concrete, it is ideal for use on vinyl tile, ceramic tile, terrazzo, wood, and composite materials. It rejuvenates the floor by reapplying trace amounts of densifier and stain-resistant additives while you clean with an auto-scrubber. This allows the reapplication of SR² as far out as every 2 years.

Mixing

4 oz Cleaner for 30 gallons of water
2 oz Cleaner for 15 gallons of water
1 oz Cleaner for 8 gallons of water
