

GENIE PRESTO 2-N-1 FLOOR BURNISHER & POLISHER

HIGH-SPEED PROPANE FLOOR TREATMENT MACHINE

DESCRIPTION

The Genie Presto High-Speed Burnisher & Polisher is a rotary machine that circulates to clean and remove scratches, while shining and polishing your concrete, wood and tile floors, making them look brand new. Ideal for locations that do not allow propane fuels. The Genie Presto High-Speed Floor Burnisher & Polisher is built with a larger working path, variable-speed switch with a high RPM, a robust motor, and an adjustable handle that folds for easy storage. This powerful floor burnishing machine works more efficiently and reduces both labor cost and time. Ideal for daily maintenance, burnishing, cleaning, and polishing applications for residential, commercial and industrial flooring.
