

## TEENIE WEENIE GENIE EDGE GRINDER & POLISHER

MUST HAVE SURFACE PREP EDGE GRINDING & POLISHING MACHINE

### DESCRIPTION

The Teenie Weenie Genie Edge Grinder enables comfortable upright grinding with better control, covering more area effortlessly. Its patented anti-suction lock technology disables the lock, letting the grinder glide smoothly like a puck on ice. Getting up close and personal with the wall is no problem when the Teenie Weenie Genie is paired with the Dust Grabber. Whether it's mounted on the edge grinder or used handheld you can get as close as 1/8-inch away from the wall. A quality gas-filled shock maintains parallelism, preventing gouging, making it ideal for concrete, terrazzo, and stone, and removing various materials like paint, thin-set, adhesives, VCT, mastic, and epoxy.

### FEATURES & BENEFITS

- 2" Dust Port
- Safer operating
- Easy transportation
- Frame Weight 35 lbs.
- H/D body construction
- Easy grind right up the edge
- Easily connects to a vacuum system
- Convenient operation in the dark area with a headlight
