

HAND HELD GRINDER PACKAGE

5" MAKITA ANGLE GRINDER HIGH POWER

MUST HAVE SURFACE PREP. MANUAL GRINDING, POLISHING & EDGING MACHINE

DESCRIPTION

The Makita 9565CV SJS High-Power Angle Grinder combines 13 AMP variable speed power with comfort and motor-protection features for longer-lasting stone grinding and polishing performance. This tool is engineered with Makita's innovative SJS™ mechanical clutch system to protect the gears for longer tool life.

FEATURES & BENEFITS

- Tool-less wheel guard adjustment for easy clamping.
- 5-stage variable speed control dial (4,000 - 9,000 RPM)
- Larger and improved carbon brush material for longer tool life.
- Improved 12 AMP motor design for increase output power in a more compact tool.
- Labyrinth construction seals that protect the motor and bearings from dust and debris.
- Electronic limiter stops the motor and prevents accidental motor overload and burnout.
