ROCK TAMERS[®]

ROCK TAMERS[®]

Rock Tamers are the premiere adjustable and removable mudflap system; providing the ultimate protection when towing caravans, fifth wheelers, horse floats, trailers and more - the perfect solution for anyone wanting the utility of heavy duty mudflaps whilst maintaining your vehicle's stylish appearance

ROCK TAMER FEATURES

- Adjustable and removable
- Easy installation - no drilling required
- Easily secured to standard 50MM draw-bar (purchased separately)
- Mudflaps can be cut to any length utilizing pre-molded cut lines, fitting most vehicles
- Heavy duty 9MM thick rubber flaps, molded with a layer of tear-resistant fabric
- Forged aluminium, powder coated, hub and arms with stainless steel support rods
- Exhaust outlets also available for mudflaps if required
- Back of mudflaps have anti-splash pattern
- Comes with BONUS 850MM wide mesh

**BONUS
MESH!**

EASY ON EASY OFF!

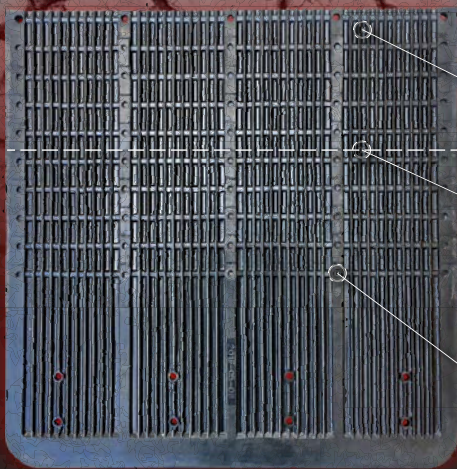

Use it when you're towing
take it off when you're not

Just remove the
hitch pin

REQUIRES

360° ARM
ROTATION

UNIQUE ANTI-SPLASH PATTERN

Heavy duty 9MM thick rubber flaps
Molded with a layer of tear-resistant fabric

PRE-MOLDED CUT LINES FOR CUSTOM FIT

Cut the flaps to best fit the height of your vehicle
Recommended height to cut to: 75MM- 100MM
above vehicle height
Important: Ensure vehicle is under full load while
measuring height to cut to

PRE-MOLDED HOLES FOR EASY ASSEMBLY

After cutting flaps to size, just drill out the holes
required for the fitting hardware
All fitting parts are heavy-duty stainless steel
