

GARDE200D

Ageing wine cabinet range

Capacity: 204 bottles*

Vinotag compatible** 

Free standing installation

Design: black

Cooling system: compressor

Type of cold: static or air moving system

Adjustable temperature range of use:
5°-20°C

Electronic regulation

Thermometer with white electronic display

White LED lights with switch button

Humidity control: natural (hygrodynamic concept)

1 plain door, silkscreened

Ageing wine cellar

The GARDE200D wine cellar reproduces the storage conditions of a natural underground cellar to carefully preserve your wines until their peak date. Protection against light, humidity management, air renewal, absence of vibrations and constant temperature are combined to guarantee optimal ageing of your wines. Equipped with a winter function, your bottles are protected and the interior temperature is controlled despite an unfavorable ambient environment.

Optimized performance and storage

Safe, the GARDE200D ageing cabinet also offers optimal comfort of use with a low noise level of 37 dB and reduced energy consumption (energy class D). Its wooden shelves accommodate up to 204 Bordeaux 75cl bottles. The metal half plate allows storage of 17 Bordeaux 75cl bottles in vertical position.

Eco-responsibility

Our products are manufactured in compliance with European environmental rules. Especially, refrigerant fluid (R600a) doesn't reject neither CFC nor HFC and respect environment.

Energy consumption is calculated based on the result obtained for 24h in standard test conditions. The actual energy consumption depends on the conditions of use and location of the device.

This equipment is designed to be used in an ambient temperature between 16°-43°C.

This appliance is intended to be used exclusively for the storage of wine.

Alcohol abuse is dangerous for health, please consume in moderation.

*Capacity given as an indication with 75cl Bordeaux traditional type bottles and measured with 3 shelves. Adding shelves reduce considerably the total capacity.

**Thanks to the Vinotag® application, benefit from a digital register of your wine cellar and be alerted of the peak dates of your wines. In partnership with Vivino, scan your bottle to access its pre-filled wine sheet.

Entrust your wines to a specialist with Climadiff.

GARDE200D

Ageing wine cabinet range

> EQUIPMENTS INCLUDED

- 3 semi-sliding wooden shelves
- 1 semi-sliding wooden half-shelf
- 1 metal half-plate for vertical storage
- 2 adjustable feet (height 1.8 cm)
- 2 wheels
- 1 active charcoal filter
- Anti-vibration system

> TECHNICAL CHARACTERISTICS

- Energy class: D
- Annual electrical consumption: 82 kWh
- Climatic class: ST-T
- Noise level: 37 dB
- EEI: 79.0
- Voltage: 220-240 V
- Power input: 160 W
- Category: 2 - Wine cellar
- Type of gas: R600a

> SAFETY

- **Winter system:** maintains the required temperature of your cellar in case of any ambient temperature drop, ideal during winter
- **Child lock:** locks the control panel

> VINOTAG® APPLICATION

Free wine cellar management application. Access a virtual representation of your wine cellar and a detailed inventory of its contents.

> COMPATIBLE ACCESSORIES

- Carbon filter (Filtre3)
- 4 wooden shelves kit (Kitbois200)
