YOU LIKE WINE, TO ENTERTAIN AND HAVE GUESTS?
YOU NEED A SERVICE WINE CELLAR

DESIGN AND PERFORMANCE

Modern and compact, the LS102DZBLACK protects your wines with its reversible tempered glass door, anti-UV treatment and enhances your bottles with interior LED lighting. Its All Black look and its fully glazed door make it a real decorative object. The activated carbon filter helps maintain air quality in the wine cellar by avoiding bad odors. The bottles are kept in tact in a healthy space.

TO THE NEAREST DEGREE

Bring your wines to tasting temperature to take full advantage of all their aromas. Thanks to its 2 temperature zones with independent adjustment, you can bring several types of wine to tasting temperature in the same cellar. Digital control panel and low energy consumption for more intuitive and intelligent use.

OPTIMIZED STORAGE

Store your wines on its metal shelves with wood front; ergonomic, they are specially designed to accommodate your 75 cl Bordeaux-type wine bottles; removable they adapt to your needs.

Eco-responsibility

Our products are manufactured in compliance with European environmental rules. Especially, refrigerant fluid (R600a) doesn't reject neither CFC nor HFC and respect environment.

Energy consumption is calculated based on the result obtained for 24h in standard test conditions. The actual energy consumption depends on the conditions of use and location of the device.

This equipment is designed to be used in an ambient temperature between 16-32°C.

This appliance is intended to be used exclusively for the storage of wine.

Alcohol abuse is dangerous for health, please consume in moderation.

*Capacity given as an indication with 75cl Bordeaux traditional type bottles and measured with 5 shelves. Adding shelves reduce considerably the total capacity.

**Thanks to the Vinotag® application, benefit from a digital register of your wine cellar and be alerted of the peak dates of your wines. In partnership with Vivino, scan your bottle to access its pre-filled wine sheet.
