You can count on **CALVI WHOLESALE**

- For quality and value:

We offer unique clothing for men and women at every price point - from basics to premium quality garments.

- For ethical and sustainable fashion:

Our collection is made of organic and recycled cotton. All garments are manufactured in our company in Portugal, and we are OCS and RCS certified.

- For garment decoration:

We offer you the best printing services - Digital printing, 3D Digital printing, Heat transfer, DTF, Embroidery, Screen Printing, and the support of an experienced team. Every order is checked by a graphic designer and a print expert.

- For branding:

We provide a branding service with custom labels, decorative labels, hangtags, stickers and packaging that will put your unique stamp on your clothes and take it to the next level.

- For packaging and delivery:

Our clothes are one garment pack. Our vertical integrated production allows us an efficient and fast answer - fast worldwide delivery.

CONSCIOUS WEAR®

DELIVERY

PICK UP YOUR ORDER IN OUR WAREHOUSE OR ASK FOR SHIPMENT TO YOUR ADDRESS. WE WILL MAKE SURE YOU RECEIVE YOUR ORDER IN PERFECT CONDITIONS AND IN DUE TIME.

SERVICES

DESIGN

We know what it's like to be a small business and understand most don't have an in-house design team. So our graphic designers are here to help! In many instances, vector graphics are essential when printing onto clothing, and raster graphics may not be suitable. If this sounds like a foreign language, don't worry, it's what we're here for!

DIGITAL PRINTING

Water-based and 100% biodegradable printing process. Digital printing is currently the most ecological printing technique in the market. An innovative method that allows printing directly on the garment, without using chemicals and artificial dyes, ensuring a high quality and resistant printing.

3D decorative applications make a new dimension of creative freedom possible and simple. Unleash your creativity through new premium applications that digitize previously analogue decorations such as embroidery, high-density, vinyl, screen transfer, and more.

DIGITAL PRINTING

3D DIGITAL PRINTING

EMBROIDERY

15 COLOURS

The quality of your Embroidery is highly reliant upon two elements; firstly, like with most print methods, it's about having the best machinery for the job; secondly, digitisation is a critical part of the process in ensuring the highest quality. The finish of embroidered garment is durable, sleek and hard-wearing. It is very long-lasting and available in a wide range of colours. Different types of designs are created with the help of embroidery techniques.

HEAT PRESS TRANSFER

VINYL

Vinyl is an appropriate solution for simple designs and comes available in an array of colours. It's also great for printing onto darker coloured fabrics.

DTF

Direct Transfer Film is a new technology where you no longer print designs on textiles but on the transfer film. It can transfer to any material garment.

HIGH DENSITY

High Density add considerable texture and loft to your graphic. Application is simple, and placement options are endless.

GLITTER

Glitter transfers add sparkle to your design and can be applied to any colour. As vinyl, this is an appropriate technic solution for simple designs and comes available in various colours.

FLOCK

Flock provides a velvet like textured feel, that is slightly raised off the surface of the garment, delivering a more premium quality feel to the garment.

SCREEN PRINTING

15 COLOURS

Screen printing is likely the best print method if you need 500 to 25,000 garments printing. For small volumes or complex full-colour designs like a photograph, DTG printing is a better option.

BRANDING SERVICE

LABEL

We provide print neck labels, woven neck and decorative labels. We can provide the sewing service if you prefer to use your brand label.

HANGTAG

Choose one of our hangtags options: white, black or craft! Add a white or black string to attach the hangtag to the garment. Customise it with your brand!

BOX

We provide packaging and stickers fully customisable that will put your unique stamp on your clothes and take it to the next level.
