# *Kona* SERIES

Derived from the Japanese word for corner, our Kona series is inspired by traditional Japanese design aesthetics and 'low living'. The Kona Bed is crafted from sturdy, FSC™-Mix certified oak veneer and features a low headboard and raised back panel. Use it either as a single bed or turn it into a luxurious daybed with our tailor-made Kona Mattress, which makes a comfortable, firm seat for lounging. Let it be accompanied by the simple and elegant Kona Low Table for a practical bedside stand or fully embrace 'low living' by using the Kona Low Table as a coffee table for when you're lounging on cushions or on the floor.

## *Life is full of contrasts*

As we navigate expectations and dreams in the search for meaning and comfort, we long for a balanced life with room for chaos and calm, moments of reflection and times of joy. A place where we can be ourselves, realise the true value of things and feel at home.

Based on a passion for authentic design and clear functionality, we challenge ourselves to shape the future and take pride in creating products that help you balance the contrasts of life.

Our soft forms, rich textures and deep colours allow you to create an authentic and composed atmosphere, while avant-garde shapes, striking patterns and curious details add a touch of the unexpected.

From our base in Copenhagen, we work with artisans around the world, fusing our Scandinavian mindset with global skills and traditions. We take our responsibility to people and the planet seriously and expect the same of our partners.

We create collections of furniture, accessories and lighting, so you can create space to feel comfortably you.

Welcome home.
