A chair, just as a chair should be

Effortless and timeless, Nicholai Wiig Hansen's My Chair from 2013 is as close as it gets to a new classic: a minimalistic chair in molded veneer that moves gently with the body. The curved waist and rounded corners counterbalance the stringent design of the chair and give it a warm and welcoming feel. Due to its harmonious silhouette, My Chair complements most settings and can be multiplied without taking over the interior.

Construction

The chair is delivered assembled. For the versions in wood and front upholstery, the shell and back shell material always match the legs' material e.g. both shell and legs come in lacquered oak veneer. My Chair barstool is delivered with a chrome foot support. Black foot support is available upon request.

Stackability

My Chair with steel or chrome legs is stackable up to 8-10 pcs. We do not recommend stacking the front upholstery or full upholstery versions, as the weight of the chairs could leave marks on the upholstery.

Maintenance

Shell: Clean with damp cloth.

Textile: Clean with textile or upholstery cleaner.

Leather: Clean with a damp cloth. Use warm water with soap flakes. Frequent vacuuming with a soft fitting is recommended for both textile and leather to preserve color and appearance.

Accessories

Comes with PE glides

Felt glides can be purchased separately
