A chair, just as a chair should be

Effortless and timeless, Nicolai Wiig Hansen's My Chair from 2013 is as close as it gets to a new classic: a minimalistic chair in molded veneer that moves gently with the body. The curved waist and rounded corners counterbalance the stringent design of the chair and give it a warm and welcoming feel. Due to its harmonious silhouette, My Chair complements most settings and can be multiplied without taking over the interior.

Product Facts

Description

My Chair Lounge continues My Chair's characteristic back in a chair with a lower seat height. Lowered towards the floor in a reclining posture, it forms a balanced and sophisticated design, eminently suitable for spaces that require a lighter lounge chair.
