# *Pouf* COLLECTION

Contrasts are not only captivating to the eye but will also bring engaging dimensions to a room. The poufs with two levels form a graphic element, which combines softness with a modern interior. The rounded lines shape the distinct design in line with our fascination of geometry and emphasise its simple and natural form, producing a more organic expression in your home.

## *Life is full of contrasts*

As we navigate expectations and dreams in the search for meaning and comfort, we long for a balanced life with room for chaos and calm, moments of reflection and times of joy. A place where we can be ourselves, realise the true value of things and feel at home.

Based on a passion for authentic design and clear functionality, we challenge ourselves to shape the future and take pride in creating products that help you balance the contrasts of life.

Our soft forms, rich textures and deep colours allow you to create an authentic and composed atmosphere, while avant-garde shapes, striking patterns and curious details add a touch of the unexpected.

From our base in Copenhagen, we work with artisans around the world, fusing our Scandinavian mindset with global skills and traditions. We take our responsibility to people and the planet seriously and expect the same of our partners.

We create collections of furniture, accessories and lighting, so you can create space to feel comfortably you.

Welcome home.
