

VISU CHAIR SLED BASE

MIKA TOLVANEN ON THE DESIGN "The idea for the Visu Chair was to create an elegantly simple interpretation of the archetypal wooden chair. I wanted for the design to have a subdued and timeless character that would add feelings of modern familiarity to any room together with a comfortable seat in form-pressed veneer. Designing the chair as a family that were all aesthetically linked yet could be used for different functions was a study in adapting a design to its surroundings and a process that lasted nearly two years. The Visu Chair is a new perspective on the traditional wooden chair, echoing the ideas of Scandinavian design together with a modern expression."

Seat width 42,5 cm / 16.75"
Seat depth 40 cm / 15.75"

Yes

DESCRIPTION

Bringing lightness into design, the Visu Chair Sled Base combines a simple and comfortable form with a quiet silhouette. Shell in form-pressed veneer with a water-based lacquer. Base in powder coated steel. Stacking pad in injection-molded plastic. Non-upholstered versions stack up to 15 chairs on floor and 12 on trolley. Upholstered versions stack up to 10 chairs on floor and 15 on trolley.

Made-to-order textile and leather with base color option of Black, Grey and White. Option of pre-mounted felt glides upon request for orders above 50 chairs. Transport trolley for storing and moving chairs available.

PRODUCTION PROCESS

Shell is formpressed from wood veneer, then lacquered. If specified, then padded with fire-resitant foam and fully upholstered with textile. Steel sled base is CNC-bent and powder-coated (colored versions) or in brushed steel finish.

MATERIAL

Non-upholstered colored versions with form-pressed veneer shell in water-based lacquer and sled base in powder coated steel. Stacking pad in injection-molded plastic. Upholstered versions: Shell in form-pressed veneer with foam and fully upholstered in textile or leather. Sled base in powder coated steel. Stacking pad in injection-molded plastic.

CLEANING AND CARE

Clean on a regular basis using a damp and clean cloth. Remove stains using a mild mixture of water and detergent. Avoid contact with sharp objects as these can leave scratches in the wood and lacquer.

For upholstery versions, please find specific cleaning instructions for your chosen textile at kvadrat.dk

For leather versions clean leather with a dry cloth regularly. Treat the leather when needed using only special leather treatment products.

SPARE PARTS

Plastic glide and felt glide included.

MADE-TO-ORDER
