WHOLESALE CATALOGUE 2024

# ATOMS TO ASTRONAUTS SCIENCE NOTEBOOKS

Thanks for your interest in Atoms to Astronauts. We design notebooks featuring extracts from key works in science history such as **Newton's Principia** or **Turing's papers** that are **made entirely in the UK** with sustainable materials and practices.

We hope you find something you think your customers would like and please get in touch if you want any further information.

A handwritten signature in black ink that reads "Damian Hardacre".

# INK TESTS AND PAPER QUALITY

We asked a member of the fountain pen community, Claire from @claire.scribbleswithpens (instagram) to independently review our paper

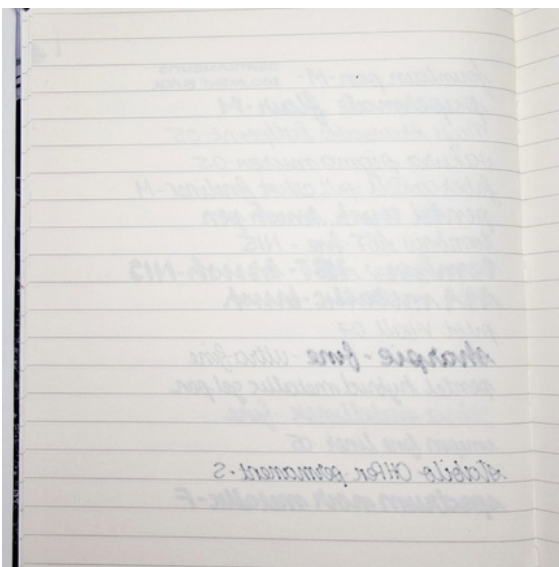

OK ink fans you may want to check this out.... I bought an @atomstoastronauts Notebook months ago because the covers are geekilicious, they're a small UK business, and because I was curious how 'fp friendly' they really were - let's be honest: lot's say it, most fail. I was exceptionally surprised to find the answer to that was VERY. So I was a good netizen and left a glowing review, Damian reached out to me and asked if I would be prepared to do some testing and take photos for them. I live to serve this community so ofc I said yes. ...(plus any excuse to use up some of the inkswamp!)

Here it is in its glory:

- ✓ Loves Shimmer
- ✓ Loves Sheen
- ✓ Handles wet inks like a boss
- ✓ No feathering
- ✓ No ghosting
- ✓ Smoooooooooooooth paper
- ✓ Reasonably priced
- ✓ Available easily...no gifting 1st borns to Japanese gods required.

I recommend highly.

# BESPOKE NOTEBOOKS

We offer bespoke, customised notebooks to include your branding. Examples of recent work are shown below:

Sargent Centre,  
Imperial College London  
Branding added to several of our  
notebooks for VIP guests  
attending their events.

MRC Joint DTP Symposium  
Custom end papers to include  
logos of the institutions  
participating in the symposium

# CUSTOMISATION OPTIONS

	Description	Mimimums	Pricing	Timeline
Branded	Customise our notebooks with your branding	100	Dependent on quantity	Up to 2 months
Custom	Work with us to produce a fully customised notebook for your organisation	500	Dependent on quantity	Up to 6 months

# RETAIL PACKS

Flexicover Pack **£107.68** ex VAT (£6.73 ex VAT/unit)  
Hardcover Pack **£132.80** ex VAT (£8.30 ex VAT/unit)

16 of our bestselling notebooks including 4 of each of the following:

- Space Exploration
- Chemistry
- Neuroscience
- Botany

We would recommend lined versions if you are unsure between lined or dot grid.

Please feel free to substitute notebooks you think would best fit your customers.  
We are happy to advise if needed.

## EXTRAS INCLUDED

Point of sale displays to allow your customers to learn more about the products

# HOW TO PLACE YOUR ORDER

## REQUIRED DETAILS

Email [info@atomstoastronauts.com](mailto:info@atomstoastronauts.com) stating the following

1. Type of product and quantity.

For example

*Chemistry A5 Hardcover dot grid x 15*

*Astronomy A5 Softcover lined x 8*

2. Your shipping address

3. Phone number

## PAYMENT TERMS

Orders are subject to Net 30 terms

## MINIMUM ORDER

We require a minimum order of £200 ex VAT

## SHIPPING

Carriage is paid on orders above £500 ex VAT

On all orders below £500 ex VAT freight will be charged on each invoice.

Goods will be shipping within 5 days of an order being placed. Larger orders may take more time and you will be contacted should this be the case.

# HOW TO PLACE YOUR ORDER

## RETURNS

### Damaged items:

Upon receipt of order, if the package is visibly damaged on arrival, you must mark 'box damaged' on the courier's delivery record before thoroughly inspecting the contents yourself. Damages must be notified to Atoms to Astronauts within 24 hours of receipt in order to obtain a credit or replacement. No claims for damage in transit will be considered after this period or for damaged boxes not signed as such.

### Shortages:

Upon receipt of order, please thoroughly inspect the contents of all packages. Shortages must be notified to Atoms to Astronauts within 48 hours of receipt in order to obtain a credit or replacement. No claims for shortages will be considered after this period.

### Faulty items:

Where goods are found to be faulty upon receipt, we will arrange for collection of the item(s) and offer you the choice of a replacement item at no extra cost to you.

### Returns:

If you receive your order in good condition, but you consider any item to be unsuitable, you may return it for a refund provided that you do so within 14 days of receipt and the item is returned in its original condition and original packaging.

In these circumstances, a carriage and restocking charge of up to 25% of the value of the items being returned will be deducted from the credit for the returned goods. The restocking fee covers the time and cost of preparing a custom order and ordering in goods to fulfil the order.
