PRINTABLE RING TEMPLATE

Determine your ring size easily at home.

This is how the template works:

1. Print this page as an A4 document.

2. Make sure that you do not specify any scaling under "Printer settings", but print the document in its original size (100%).

3. Check with a ruler whether the test strip has a length of 5 cm. If this is not the case, your printer settings are not correct!

CONTROL LINE 5 cm

4. Now place the comparison ring on the sizes below. The outer line of the circle must lie exactly on the inner edge of your ring. Alternatively, you can also cut out the circles with a scissor and then check which size fits your finger.

13,7	14,0	14,3	14,6	14,9	15,3	15,6	15,9
43	44	45	46	47	48	49	50

16,3	16,6	16,8	17,2	17,5	17,8	18,2
51	52	53	54	55	56	57

18,5	18,8	19,1	19,4	19,7	20,1	20,4
58	59	60	61	62	63	64

20,7	21,0	21,3	21,6	22,0	22,3
65	66	67	68	69	70
