Power Rating	0.17kW 220-240V 50Hz
Power Supply	1 x 10 Amp socket outlet
Dimensions	W280mm x D406mm x H333mm
Product Approvals	WaterMark, RCM, ARC
Warranty	5 years (appliance warranty 36 months plus additional 24 months tank warranty)

Installation Requirements

1. Installation and connection of your Zip HydroTap must be carried out by a qualified person, observing national and local regulations.

2. You will require suitable mains electrical and drinking water connections, plus waste water drainage all within 1 metre of the product.

3. Zip Micro is air-cooled so discrete cabinetry cut-outs are required for ventilation.

4. Installation on most bench tops is straightforward however some stone bench tops may require a specialised cutting service.

5. If you live in a hard water area, we recommend installation of a Zip scale filtration kit.

6. Installation by Zip Professional Service can be arranged with a phone call or through www.zipwater.com/book-service-visit

Installation Detail

BKL2 HydroTap G5 v1.10 07.04

Ventilation requirements Contact your local service provider if ventilation is not suitable

Clearance envelope
Position the Tap and the Command Centre as close together as possible.
