

## Argent Seats

The range of Argent seats provide you with options when looking for a replacement seat or if you are ready to upgrade to a quality, sturdy seat for your toilet suite. The comprehensive range suits many of the toilet suites available in Australia including leading brands such as Argent and Villeroy & Boch.

Argent seats are made from a quality hard resin-bonded material that has a ceramic-like surface resistant to scratches and UV light. All Argent seats meet the toughest quality requirements and are tested uncompromisingly for their load bearing ability.

## Features and Benefits

## FastFix®

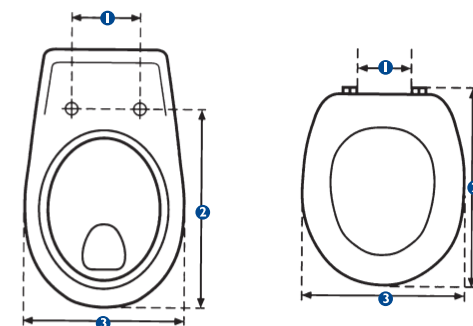

FastFix hinges make seat installation quick and simple. The specially designed washer and nut allows you to simply attach, push and tighten to reduce installation time to about one quarter of standard fixings.

## SOFT CLOSE

The advanced technology of the soft close seat and hinge combination enables the seat to be closed with one simple touch. Constant battles about the toilet seat being left up is a thing of the past. The new soft close seat will lightly touch down, everytime, with just a slight push of the seat. Soft Close seats feature quick release hinges, allowing the seat to be removed simply to enable easy cleaning.

## Simple steps to find the right seat

1 Measure the distance between the fixing holes in the ceramic, hole centre to hole centre.

2 Measure the length from hole centre to the furthest point of the front edge of the ceramic (generally in the middle).

3 Measure the maximum width of the ceramic, outside edge to outside edge.
