

Shadowline Exhaust Kit

expella™

All-in-one ventilation kit

TEX6500K

The Expella Shadowline Exhaust Kit will suit residential bathroom and laundry ventilation requirements. The kit features Expella's Shadowline diffuser. This is an internal ceiling grille that is designed to be discreet – almost invisible, sitting in the shadow line of a ceiling or at the wall / ceiling junction. The diffuser is compatible with a range of ceiling systems and has an adjustable length.

Manufacturer:

expella™

Warranty:

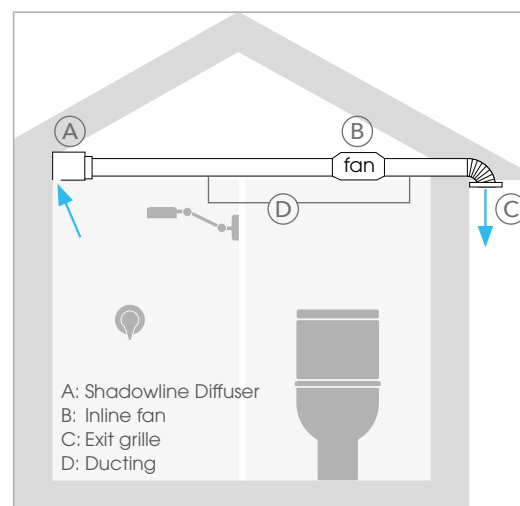

5 years

Benefits:

- Powerful inline exhaust fan up to 530 m³/hr
- 2 speed settings for high and low air flows
