

SKU: UBL-UL2-MB

MOUNTING SPECIFICATIONS:

- 1) Place U-Lite Mini Light Bar magnets on a flat surface or between ridges in the roofline to ensure a secure magnetic connection. It is the responsibility of the installer and end user to determine whether it is safe to use magnetic mounting hardware for your application. Note: The magnetic character of roof steel varies from vehicle to vehicle. Make sure that your vehicle is capable of providing enough magnetic force to safely secure the U-Lite Mini Light Bar to the roof.
- 2) Rubber protectors have been provided to apply to the bottom of each magnet to protect the paint on the vehicle. Be sure to cover the magnet entirely for maximum protection to the paint finish. Note: Rubber protectors can reduce the magnetic force by as much as 10%.
- 3) Route the cable carefully through the door. Be sure the cable isn't tightly pinched and that it doesn't interfere with the door latching securely.

FLASH PATTERNS:

- Alternating (Side to Side)
- Alternating (Front to Back)
- Rotating (Counterclockwise)
- Rotating (Clockwise)
- Alternating (Side to Side All)
- Random
- Steady On
- Off

CIGARETTE PLUG:

Power: Light will indicate when the light has power and is activated.

Pattern Changer: Hold for 1-2 seconds to change the pattern

WIRING INSTRUCTIONS: (PROFESSIONAL INSTALLATION RECOMMENDED)

- 1) To power the unit, extend the red (+) wire to a 12V+ post. Extend the black (-) wire to the ground post of the vehicle's battery.
- 2) Wire in a 12V switch or controller. Include a 3 AMP fuse within 12" of your power source to protect your circuit.

	Switch
	Fuse
	Ground

WARNING

- Do not install this product or route any wires in the deployment area of your airbag. Equipment that is mounted or located in the airbag deployment area can reduce or damage the effectiveness of the airbag, or become a projectile that can cause serious personal injury or death. Refer to your vehicle owner's manual for more information about the airbag deployment area. The User/Installer assumes full responsibility for determining a proper mounting location that provides ultimate safety to all passengers inside the vehicle.
- Do not attempt to activate or control this device in hazardous driving conditions.
- Nighttime operation of lighting products may produce reflected light within the vehicle, rendering it difficult to see. Use with caution.
- These are high intensity lights. Please allow adequate distance before looking directly into them.

IMPORTANT!

Before returning this vehicle to active service, visually confirm the proper operation of this product, as well as all vehicle components/equipment.

WARRANTY INFORMATION

- ⚡ UBL Electronics warrants that all "ilumex" series LED lights are free from defects in materials and workmanship for five (5) years from the time of purchase, all "U-Lite" series LED lights are free from defects in materials and workmanship for two (2) years from the time of purchase, and all UBL sirens and speakers are free from defects in materials and workmanship for one (1) year from the time of purchase. During the warranty period we will, at our sole discretion, repair or replace the product. This limited warranty does not cover labor charges for the removal and installation of the product.
- ⚡ UBL Electronics is not responsible for incidental damages, including but not limited to: loss of time, loss of work, inconvenience, loss and/or damage to personal property, and shipping expenses.
- ⚡ Use of incorrect electrical power (other than that specified by the manufacturer), use of inappropriate or inadequate wiring, improper circuit protection or alterations to the product may void the warranty.

THIS WARRANTY IS SUBJECT TO CHANGE WITHOUT NOTICE.
