ELEMENTI®

ABOUT ELEMENTI

Fire – The most important and significant role in humanity's development. The history of human development tells us that using fire was human access freedom and conquer nature's new era after the fabrication of stone implement.

Based in Los Angeles, CA.. **Elementi** is a group of artists and craftsmen that are dedicated to bringing bold outdoor living and landscape features to the market. Our directive is to design and manufacture features that are an artistic combination of form and function. For our fire feature line of products, we start by finding or creating items that are beautiful on their own. We then add fire burners to them and turn them into statement pieces that will be sure to become the center piece of any patio or landscape design.

Our dedicated engineers have designed and built all of the burner systems we use in our fire features. By manufacturing our burner systems in-house, we are able to get the correct size and shape for each burner we put in our fire features. We can also modify the burner ring and BTU output to achieve a desired effect from the flame.

CUSTOM MANUFACTURING

Whether your preference is natural, historic or modern, Our designers can accommodate any style or period preference. We manufacture fire features for both residential and commercial installations with BTU outputs ranging from 20,000 BTU up to 250,000 BTU. We can also incorporate features such as safety valves, pilot systems and electronic / remote ignition into all of our fire features.

PRIVATE LABEL MANUFACTURING

Large capacity production is no problem for us. We can supply full truckload quantities of private label products for large volume retailers. Our designers are capable of modifying our current designs or working with purchasing departments to create designs to meet their needs.

CERTIFICATION STANDARDS

Elementi fire system, all strictly follow the standard of North American ANSI Z21.97-2017/CSA 2.41-2017 and the European Union requesting. Achieved the CSA and CE certificates. CSA certificates is the most authoritative institution in North America for products safety, environmental protection.

CARRARA MARBLE PORCELAIN FIRE TABLE

NEW

OFP121BW

Product Description:

- Body construction: Marble porcelain and metal frame
- Burner size: 76.2 cm length
Burner construction: 16 gauge, 304 stainless steel
- Burner pan size: I Type 105 x 28.8 x 5.5 cm (O.D.)
Burner pan construction: 16 gauge, 304 stainless steel
- Control system: Push button spark ignition system
- Natural gas item number: OFP121BWNG
Propane item number: OFP121BWLP
- Maximum heat output: 17.5 KW (60,000 BTUs)
- Certification: CE & CSA Certified
- Media: 9 kgs caribbean blue fire glass (included)
- Porcelain lid & canvas cover included
- Warranty: 1 year
- Accessories available (sold separately):
 1. Wind screen
 2. Tank cover
 3. Other medias

Specifications	Length (cm)	Width (cm)	Height (cm)	Weight (kg)
Product	152	71	43	117
Package	167	85	63	182

BIANCO MARBLE PORCELAIN FIRE TABLE

NEW

OFP103BW

Product Description:

- Body construction: Marble porcelain and metal frame
- Burner ring size: 30.5 cm diameter
Burner ring construction: 16 gauge, 304 stainless steel
- Burner pan size: 51.8 x 51.8 x 5.5 cm (O.D.)
Burner pan construction: 16 gauge, 304 stainless steel
- Control system: Push button spark ignition system
- Natural gas item number: OFP103BWNG
Propane item number: OFP103BWLP
- Maximum heat output: 17.5 KW (60,000 BTUs)
- Certification: CE & CSA Certified
- Media: 9 kgs caribbean blue fire glass (included)
- Porcelain lid & canvas cover included
- Warranty: 1 year
- Accessories available (sold separately):

TANK COVER

SQUARE TANK COVER

51 cm H

Product Description:

- Item Number: ONB016
- Body construction:
Handcrafted glass-fiber reinforced concrete
- Product size: 40 x 40 x 51 cm
- Product weight: 13 kgs

SQUARE TANK COVER

51 cm H

NEW

Product Description:

- Item Number: ONB01-109
- Body construction:
Handcrafted glass-fiber reinforced concrete
- Product size: 40 x 40 x 51 cm
- Product weight: 13 kgs

ROUND TANK COVER

51 cm H

Product Description:

- Item Number: ONB01-102
- Body construction:
Handcrafted glass-fiber reinforced concrete
- Product size: 40 x 40 x 51 cm
- Product weight: 12 kgs

SQUARE TANK COVER

62 cm H

Product Description:

- Item Number: ONB01-208
- Body construction:
Handcrafted glass-fiber reinforced concrete
- Product size: 45 x 45 x 62 cm
- Product weight: 21 kgs

SQUARE TANK COVER

62 cm H

Product Description:

- Item Number: ONB01-105
- Body construction:
Handcrafted glass-fiber reinforced concrete
- Product size: 45 x 45 x 62 cm
- Product weight: 17 kgs
- Top moveable

SQUARE TANK COVER

62 cm H

Product Description:

- Item Number: ONB01-209
- Body construction:
Handcrafted glass-fiber reinforced concrete
- Product size: 45 x 45 x 62 cm
- Product weight: 21 kgs

SQUARE TANK COVER

65 cm H

NEW

Product Description:

- Item Number: ONB01-211RW
- Body construction:
Handcrafted glass-fiber reinforced concrete
- Product size: 45 x 45 x 65 cm
- Product weight: 17 kgs
- Top moveable

ROUND TANK COVER

62 cm H

Product Description:

- Item Number: ONB01-207
- Body construction:
Handcrafted glass-fiber reinforced concrete
- Product size: 45 x 45 x 62 cm
- Product weight: 18 kgs

BOULDER TANK COVER

62cm H

Product Description:

- Item Number: ONB01-117
- Body construction: High performance cast concrete
- Product size: 56 x 50 x 63 cm
- Product weight: 20 kgs

SEAT

BOULDER SEAT

Product Description:

- Item Number: ONE01-102
- Body construction: High performance cast concrete
- Product size: 46 x 37 x 38 cm
- Product weight: 14 kgs

COLUMBIA TANK COVER

62cm H

Product Description:

- Item Number: ONB01-106
- Body construction: High performance cast concrete
- Product size: 47 x 38.5 x 62 cm
- Product weight: 17 kgs

COLUMBIA SEAT

Product Description:

- Item Number: ONE01-101
- Body construction: High performance cast concrete
- Product size: 47 x 38.5 x 45 cm
