

Welcome

Lighting Republic was established in Hong Kong in 2012 by a group of highly experienced international design professionals.

We selected Hong Kong as our base for its manufacturing excellence as well as logistics. All products are original designs and engineered to provide both decorative and functional aesthetics.

We ensure that every component is fabricated to best standards according to techniques and designs specifically customised for Lighting Republic.

We have our own warehouses and quality control personnel to ensure products are handled with care and arrive at their destination in premium condition.

Our R&D team continually travel to various markets across the globe for inspiration, trends, new materials and techniques.

We hope that you enjoy this collection, and look forward to welcoming you to Lighting Republic.

“Meticulous attention to detail through every stage of manufacture, ensures that Lighting Republic products live up to the highest set of standards”

The Tulip collection, as the name implies, is a range of tulip shaped glass shades. These inspired fittings feature a raw brass, threaded rod suspension system with the shade hanging from a delicate, twisted black cloth cord cable.

TULIP

Tulip small - I02.35.S

brass (aged) & glass (mouth blown clear)

cord - 2m twisted black cloth

1x E14 40w max

Tulip medium - I02.35.M

brass (aged) & glass (mouth blown clear)

cord - 2m twisted black cloth

1x E14 40w max

Tulip large- I02.35.L

brass (aged) & glass (mouth blown clear)

cord - 2m twisted black cloth

1x E27 60w max

The Parlour collection is inspired by the grande olde hotels of London. Crafted from solid iron and presented in an old brass and iron finish, these sturdy pendants will certainly stand the test of time.

Parlour

* by loosening the threaded sections, a different look is achievable

Parlour suspension - I02.25.OB
old brass finish on iron material
cord - 2m twisted black cloth
1x E27 60w max

* by loosening the threaded sections, a different look is achievable

Parlour suspension - I02.25.IRN

iron finish on iron material

cord - 2m twisted black cloth

“Quality
control and
consistency
are key to
our success”

The Bronze collection was inspired by the pre-electric gas lights of towns in 19th century England and France. Fittings are all hand-crafted using traditional artisan techniques then dipped in specially formulated chemicals to naturally pre-age the raw material.

BRONZE
