CALI® vinyl windansea
(formerly mutestep)
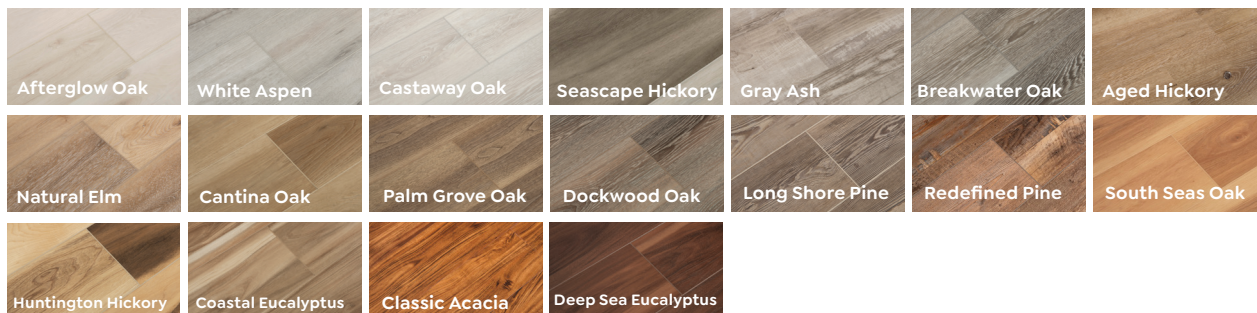

CALI Vinyl Windansea: Cantina Oak

CALI Vinyl Windansea delivers authentic hardwood beauty with attached acoustic padding lining each plank. This IXPE cushion improves sound insulation and provides for quieter steps and more comfortable rooms. Eighteen coastal-inspired colors showcase intricate wood imagery and specialized embossing that matches up with the knots and grains you see. Planks are 100% waterproof and geared for commercial grade durability with a strengthening limestone composite core. Plus, an extra-thick 20mil wear layer boosts scratch protection from all the pets, kids, and party-people in your life.

A World of Good at Your Feet

FloorScore certified and backed by a 50-year residential warranty, Cali Vinyl is made without toxic chemicals, making it safe for homes, hospitals, children, and pets.

Made for the Soak Zone

100% waterproof planks are exactly that, meaning Cali Vinyl can be installed in every room including kitchens, bathrooms, and basements. This also makes for easy cleaning!

Bad to the Bone

Each plank is strengthened by a backbone of limestone composite. This stabilizing core resists indentation and delivers 50% better dimensional stability (less expansion and contraction), requiring no acclimation or transition pieces.
