

00551 Desert Twilight

Purrfect Match

This pet-friendly premium carpet pulls inspiration from the multidimensional characteristics of sculptural glassworks. Just like varicolored flame-fused glass art, this design's beautifully matched fibers find direction and movement in the play of light across its surface. Eight color choices allow you to bring this Pet Perfect™ carpet's unique pattern and textured character to life in a hue that complements you and your pet's personal style.
