

HOW TO DETERMINE YOUR RING SIZE

Ring sizing is tricky!

We created this guide to help but we highly recommend going to our local store in Norway, Oslo and getting sized in person.

Many of our rings are easily resized but there are some that cannot be resized (for example, rings with stones or patterns all around). If you have any questions please email maral.kunst@gmail.com before purchasing.

** Before measuring – confirm printed paper size. **

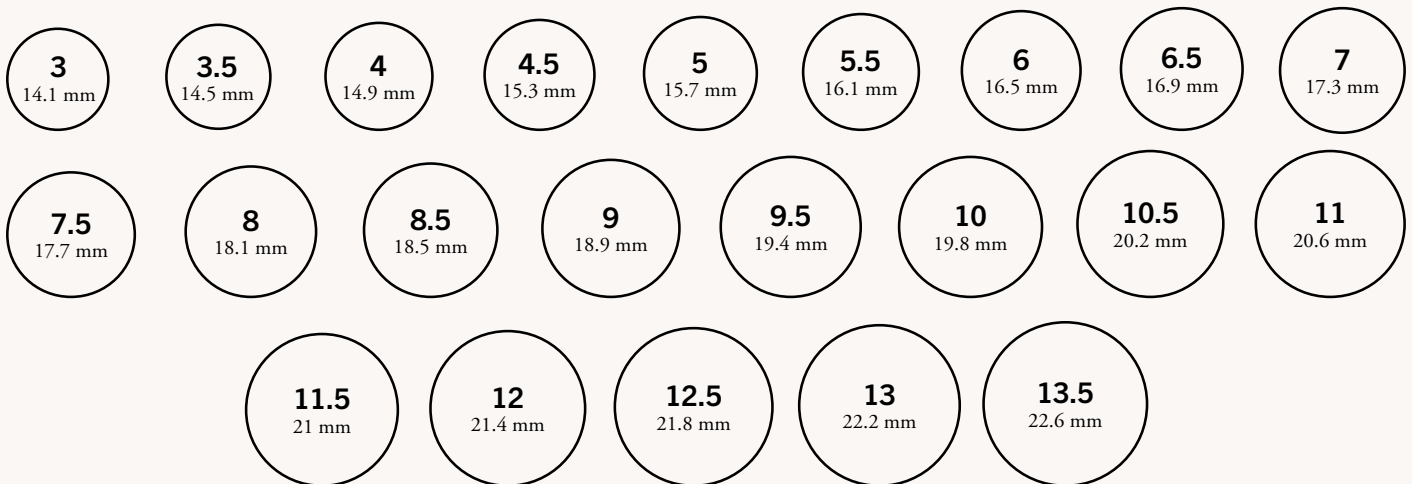

Before printing this document, ensure that Page Scaling is set to 100%. If the length of the top bar on the left matches the length of your credit card or the bars below measure exactly 1 inch or 30 mm, you are good to go!

METHOD 1: *Measure an Existing Ring*

1. Print this guide with page scaling set to 100%.
2. Select a ring that properly fits the intended finger.
3. Place the ring over the circles below. Match the *inside edge* of the ring to the circle closest in size.
4. If the ring falls between two sizes, order the **larger** size.

METHOD 2: *Use a Paper Ring Sizer*

Cut out the ring sizer and cut a slit on the vertical pink line. Wrap the ruler around the base of the intended finger. Pull the angled end through the slit until the paper fits comfortably around your finger.

We cannot guarantee that ring sizing via paper will be accurate. We highly recommend getting sized by our local store in Norway.

Maral Kunst Knuckle Ring Sizes

L

Keep in mind that sizing for a first knuckle ring is entirely dependent on the shape of your fingers and which finger you are going to wear it on.

If you are generally a medium, a medium should fit one of your fingers, a small should fit one of the fingers of a small hand, etc.

This is an approximate guide - sizes vary slightly by style and thickness.

METHOD 2: *Use a Paper Ring Sizer*

Cut out the ring sizer and cut a slit on the vertical pink line. Wrap the ruler around the base of the intended finger. Pull the angled end through the slit until the paper fits comfortably around your finger.

OUR WIDTH GUIDE

** Before measuring – confirm printed paper size. **

Before printing this document, ensure that Page Scaling is set to "None" on your print dialog box. If the length of the top bar on the left matches the length of your credit card or the bars below measure exactly 1 inch or 30 mm, you are good to go!

INSTRUCTIONS

Cut out strips below, and wrap around finger to gauge your desired width. This will give you an approximate estimate of how a width on one of our selected styles will look proportionately on your hand. If you have any questions please email maral.kunst@gmail.com before purchasing.
