HACCP CERTIFICATION

Since 1991, Nutty Nuts Foodstuff Factory LLC has a strong background and expertise in the procurement, storage, processing, packaging, re-packaging and dispatch of Nuts, Dried Fruits, Beans, Herbs, Lentils, Spices, Dates, Chocolates & Baby Cereal Foods. It is a leading supplier of foodstuff to the HoReCa industry as well as to many Duty Free Shops and Airlines. The company does private labeling for some of the leading business houses in Dubai as well as supplying to various UN missions around the world.

Nutty Nuts has mastered the art of dry roasting - a process that uses hot air as opposed to the conventional & cheaper oil frying. Dry Roasting ensures complete removal of moisture and intrinsic oil resulting in crunchier and healthier ready-to-eat nuts.

ISO 22000 CERTIFICATION

FSSC 22000 CERTIFICATION

We procure our raw materials from the best farms in the world; Almonds from USA, Cashews from India, Peanuts from Argentina and Pistachios from Iran. They are brought to our state-of-the-art processing plant where the sorting, flavoring, roasting and packaging is done using the latest machinery under hygienic conditions.

Nutty Nuts is a FSSC 22000 certified company. We take great pride in the quality of our products and the service that we provide to our customers. The awards that we have received are a testament to our slogan **“WE ARE NUTS ABOUT QUALITY”**. We continually strive to improve our products and evolve our packaging to meet customer requirements.
