

INSTRUCTIONS

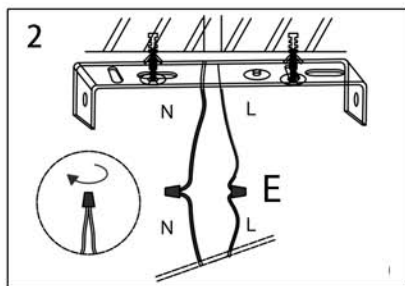

Note:

1. Please make sure that the electricity is powered off during installation!
2. Only a professional electrician should install this kind of products!

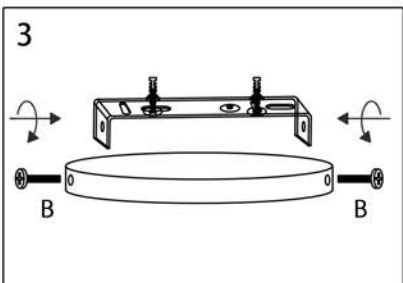

1. Please drive the expansion bolts A into the ceiling wall, put the discs D into the self-tapping screws C, pass through the hanging plate, and then screw the self-tapping screws C into the expansion bolts A to fix the hanging plate on the ceiling. Please use terminals E to connect the ground wire.

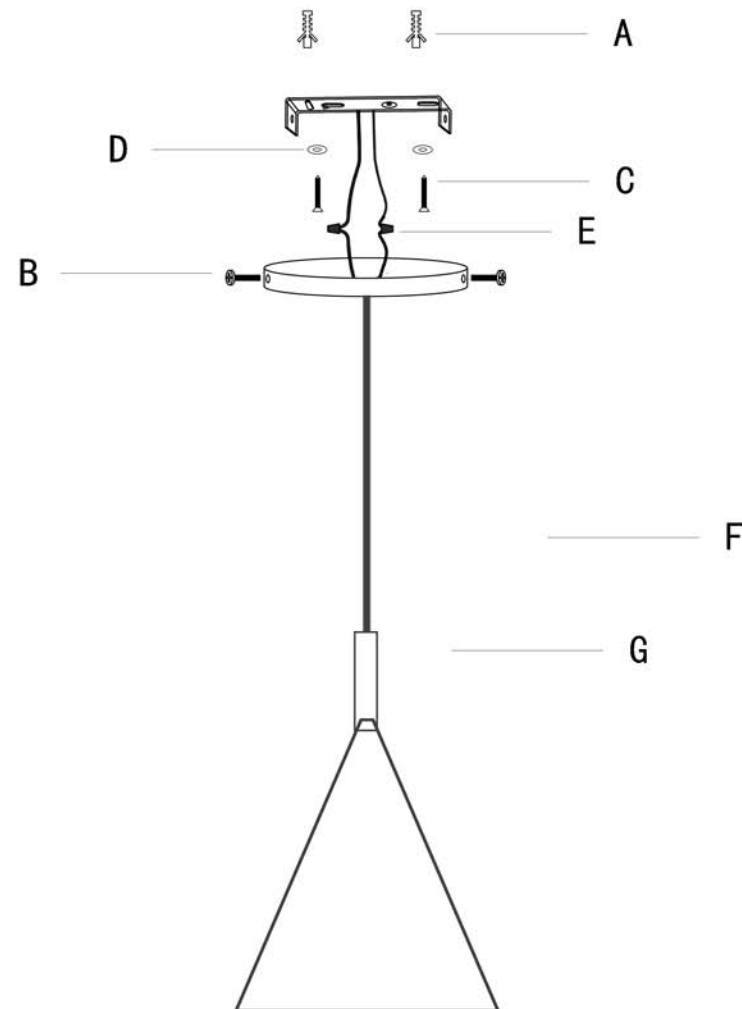

2. Please use terminals E to connect the N pole and L pole to the power wire correspondingly.

3. Please Place the suction top plate on the hanging plate and then screw the nut B into the hanging plate to fix the suction top plate.
