

TRILOGY SERIES SYSTEM OVERVIEW

1 Grade 'A' toughened glass - AS/NZS2208 compliant

Door & return panel 6mm clear toughened; fixed panel 5mm clear toughened - Silk screen compliance logo on glass

2 Pivot hinges - High quality

Stylish square shape; smooth function and minimal friction for ease of operation

Pivot door allows for overlap of fixed panel = water seal

3 Magnetic closure & water seals

Full length magnetic door seal for rattle free closure and provides enhanced water seal

Bottom door seals also included

4 Fully frameless door with round knob

Modern fully frameless 6mm clear toughened door

Solid polish door knob for durability (not chromed plastic)

5 Slimline strong aluminium frame

Silver polished anodised frame with minimalist low profile framing system

'L' shape extrusion profile at door base minimises water escape potential

6 Fully reversible door - left or right opening

Simply flip and rotate pre-assembled fixed panel with door to suit left or right opening - so easy!

7 U channels allow flexibility for installation

Slimline profile U channels allow installation for out of square wall situations

Additionally U channels allow 20mm extra width adjustment

8 Install on tiles or showerbases

9 Return panel install is so easy

Simply slide the innovative 90 degree adapter into inline panel Then insert return panel to complete!

10 Easy telescopic adjustment: WIDTH ADJUSTABLE

Innovative design allows extrusion to telescopically move in & out for door width adjustment
